This Halloween Join Watford City for Their Trail of Treats

By Meagan Dotson

The Watford City Chamber of Commerce is sponsoring their Trail of Treats on Halloween, Monday, Oct 31, from 2:00pm – 5:00pm. The Trail of Treats is daylight trick-or-treating opportunity among the businesses, and provides another alternative to door-to-door trick-or-treating. Businesses love to have the kids come in and show off their costumes and there will be Golden Ticket prizes for the kids, which are worth \$10 - \$50 in Watford City Bucks. There are 10 tickets at 10 different businesses.

All businesses participating in the Trail of Treats will have signs on their doors or storefronts and include: Watford City Real Estate Group, Meuchels, B-Bonks Bakery, JMAC, OK Implement/Napa, Johnson and Co., Joy Dental, Farmers Union Insurance, Basin Brokers, McKennett Law Office, BNC Bank, Barrett Pharmacy, American Insurance Company, McKenzie County Farmer, JL Beers, Pioneer Museum at Long X Visitor Center, First International Bank & Trust, Outlaws', Badlands Hardware, Meyer's Department Store, Door 204, Beaver Creek Creations, Northland Floral, Choice Property Management, Remax/Homestead, Computer OR, Larsen Service Drug, Watford City Police Department, City Hall, Watford City Ambulance Service, Jack and Jill, Dakota West Credit Union, North Dakota Guaranty and Title, RTC, McKenzie Electric Cooperative, Anova Family Health, E & M Services, First International Bank Gallery, Chamber of Commerce, Legendary Smiles, Allure Beauty Salon, Mary Kay – Calli Thorne Consultant, and McKenzie County Healthcare Systems.

Kids are invited to start and finish where they like in any order.

But, Halloween fun isn't just for the kids this year; adults can register at the Chamber of Commerce booth in the Gallery at First International Bank & Trust, Dakota West Credit Union and BNC Bank for a chance to have their name drawn for gift cards, gift baskets, Watford City Bucks and other prizes donated by the downtown businesses.

Last year the Trail of Treats had about 1,000 trick-or-treaters, and the city is looking to have another great Trail of Treats this year.

For more information, visit the Watford City Chamber of Commerce on Facebook, or their website at www.watfordcity-chamber.com.

Sidney's Trail of Treats to be Held Saturday, Oct. 29

By Meagan Dotson

Halloween festivities will be twice as nice this year, with the Trail of Treats happening Saturday, Oct. 29th from noon until 3:00pm. Trail maps can be picked up at all participating businesses and organizations including the Lucky Buckle, High Caliber Sports, Microtel Inn & Suites by Wyndham, Holiday Inn Express, Reese & Ray's IGA, State Farm Agency (Michele Herres), Reynolds, Mucho Si, Meadowlark, Big Sky Embroidery, Ribbon & Rail, Fink Family Chiropractic, NAPA, Party Central, JZ's Fashion, Faith Alliance Church, Lonsdale United Methodist Church, and Johnson Hardware. There is no specific order, so trick-or-treaters are invited to start and stop where they choose.

The Faith Alliance Church, located at 301 E Main St, is kicking off the festivities at noon with a free hotdog lunch, games, candy, and a fall photo station until 3:00pm. The Richland County Boys & Girls Club is having a haunted house from 5:00pm – 9:00pm that day; it will be \$5 for kids' activities and \$10 for the haunted house.

Kids can end their fun afternoon at Reynolds Market, 404 N Central Ave. The store will be holding a costume contest at 3:30pm. Costumes will be judged in categories age 0 to preschoolers, kindergarten through 2nd grade, and 3rd grade through 5th grade, with prizes to be awarded.

The Sidney Area Chamber of Commerce is organizing the Trail of Treats and FFA members will be helping out, assisting in the safe crossing of Central Ave. and serving as Trail of Treats' guides.

The Foundation for Community Care Held Pizza House's Hard Hat Tour Last Week

The crew at Pizza House in the back row (L-R) Jennifer Moore, John Beyer, and Darrell Emmel. Pictured in the front row (L-R) are Brenna Schriver, Halie Knight, Naomi Mata, Terri Moore, Tristain Carlson, and Bobbi Dunn. (Not pictured: Jozi Moore)

The Foundation for Community Care held a Hard hat Tour for new Pizza House business owners Terri and Jennifer Moore on Thursday, Oct. 20. The hard Hat Tour provided a sneak-peek at the remodeled space. Pizza House provided lots of menu items that Sidney residents have been missing, with pizza, breadsticks, and many other items true to their original recipes; but they also offered up some new mouth-watering additions, such as deep-fried cheese raviolis. Yum!

Co-owner Terri Moore, along with the rest of the Pizza House crew was hard at work during the Hard Hat Tour.

Stop by the Rough Rider Center for "Off the Beaten Path" Halloween Fun

By Meagan Dotson

The Rough Rider Center is having Halloween "Off the Beaten Path" Monday, Oct. 31 from 2:00pm – 7:00pm. Trick-or-treaters are invited to do some indoor trick-or-treating, have fun playing games, and enjoy the bounce house that's being sponsored by Dakota West Credit Union. There will be concessions available serving burgers, hot dogs, nachos, drinks and more, and partakers are invited to try the coffee specials at the Percs & Rec Coffee Shop. The Rough Riders Center is located at 2209 Wolves Den Parkway, next to the new Watford City high school.

Pictured (L-R) in the back row is Funding Assistant with the FFCC Lori Wilhelm, Pizza House owners Terri Moore and her daughter Jennifer Moore, and Executive Director of the FFCC Gina Heckey. In the front row with the FFCC are Planned Giving Officer Melissa Boyer and Community Engagement Coordinator Heather Cotter.

Johnston was Found Guilty of Deliberate Homicide & Tampering with Physical Evidence

By Meagan Dotson

Cody Wayne Johnston was found guilty of deliberate homicide and tampering with physical evidence on Thursday. Charges were brought against him and he was arrested by Richland County law enforcement on Sept. 24, 2015 in connection with the disappearance of his estranged girlfriend Nicole Waller. Waller was last heard from on Feb. 14, 2013 while visiting Johnston at his then-residence in Fairview, MT. Her vehicle was later found abandoned on MT State Highway 2.

Johnston testified in his own defense, admitting that he had left Waller's vehicle alongside the highway, and that he had lied to law enforcement about his involvement and whereabouts during the initial investigation, but maintained his innocence. Cell phone records and the signals picked up by cell phone towers from Johnston's phone during that time provided incriminating evidence that Johnston had lied about being at work on the day in question. His former co-workers had testified that Waller had asked them to lie to law enforcement and tell them that he was at work that day.

It was a fast-moving trial, and despite the fact that Waller's body has never been recovered, the jury felt there was enough evidence to convict. Waller has not contacted her family or accessed her bank account since she was last heard from. She was also receiving medical treatment and taking medication at the time of her disappearance, and there is no evidence that she has received either since she was last heard from.

Johnston is being held in custody in Richland County until sentencing.

Funeral service for Evelyn Ullman, 93, of Sidney, MT formerly of Fairview, MT will be held at 2 p.m. on Friday, October 28 at the Fulkerson-Stevenson Memorial Chapel in Sidney, MT with Pastor Rolf Preus officiating.

Interment will be at Richland Memorial Park Cemetery in Sidney, MT.

Remembrances, pictures and condolences may be shared with the family at www.fulkersons.com

Evelyn died Saturday, October 22 at Sidney Extended Care, Sidney, MT.

It's Tournament Time in Sidney, Nov. 3 – 5 & Volunteers are Needed for Eastern C Divisional Volleyball

By Meagan Dotson

Sidney will be hosting the Eastern C Divisional Volleyball Tournament Nov. 3, 4, and 5 at the Sidney High School Gymnasium. One unique aspect of this year's Divisional is that there will be three districts attending, instead of the usual two districts; 1C and 2C will have three teams, and 3C will have two teams attending. The city routinely hosts either Class C Divisional or District Tournaments, which brings in teams, families, and fans from all over Eastern Montana, and provides a great opportunity to showcase the facilities and opportunities in the community.

Circle, who was last year's State Champion, came out of the tournament hosted here last year.

The Sidney Chamber of Commerce & Agriculture is sponsoring the Hospitality Room, which will be onsite at the high school. The Hospitality Room provides an opportunity for Chamber businesses like the Meadowlark and Pizza House to promote their business.

Volunteers are key in making events like this successful and businesses including ONEOK, XTO, and Blue Rock are encouraging volunteerism within their companies for the tournaments.

“We always need volunteers, if not for this event, for ones in the future and anyone interested in volunteering in any capacity should let us know,” commented Fred Lake, who is part of the Sports & Rec committee with the Chamber.

Volunteers are being asked to sell and take tickets in three to four hour blocks during the hours of 8:00am – 6:00pm on Thursday, 9:00am – 6:00pm on Friday, and 9:00am – 4:00pm on Saturday. Anyone interested can contact the Sidney Area Chamber of Commerce at 406-433-1916, or Lake at 406-480-4237. Events like the Eastern C Divisional Volleyball Tournament help to promote and attract more high school sporting events to Sidney.

Don't Miss Out on this Community Haunted House Sponsored by the Boys & Girls Club & SHS BPA

By Meagan Dotson

The Boys & Girls Club of Richland County and the Sidney High School Business Professionals of America (BPA) are sponsoring a haunted house, and plenty of Halloween fun Oct. 27th – 30th. Halloween activities will be \$5.00 and include cookie decorating, face painting, and pumpkin decorating; the haunted house is \$10, complete with a maze, and appropriate for older kids.

The festivities will be held at the former Sunrise Equipment building that was recently acquired by Lower Yellowstone Rural Electric Cooperative (LYREC) at 2900 W Holly in Sidney. CEO of LYREC, and Board President of the Boys & Girls Club of Richland County, Jason Brothen suggested the event since the building was available and there wasn't another haunted house for kids in the community.

The proceeds from the event will be divided between the two organizations. The Boys & Girls Club's portion will be put towards their Back a Kid Fund, which gives scholarships to qualifying kids that may not otherwise have the funds to attend the afterschool program.

Both the haunted house and Halloween activities will be open Oct. 27th – 29th from 5:00pm – 9:00pm, and from 2:00pm – 5:00pm on the 30th.

For more information about the Boys & Girls Club of Richland County, the Back a Kid Fund, or how to donate, go to www.richlandbgc.org, or visit them on Facebook at Boys & Girls Club of Richland County, MT.

Kolstad Eye Clinics Opens a Sidney Office in the West Side Professional Center

SHS Senior Night

Congratulations go out to all of the Sidney High School Seniors! Sidney Eagle Football and Cheerleaders held Senior Night on Friday, Oct. 21; seniors were called onto the field with their parents for special recognition during the football game at Swanson Field. To view Senior Night pictures online, go to www.roundupweb.com.

MNAXLP

By Meagan Dotson

Dr. Jon Kolstad officially opened Kolstad Eye Clinics' Sidney office on Monday, Oct. 17 in what used to be Dr. Roger Anderson's eye clinic. There was plenty to do before opening, such as painting and installing new flooring, but bringing in new equipment was at the top of the priority list. The clinic is equipped with digital refraction screens, digital retinal photos, digital laser retinal scanning, and digital OTCs. Glaucoma, cataract, and macular degeneration services are available, as well as standard vision screenings, and most insurance is accepted including Medicare, Medicaid, BCBS Healthy Montana Kids, and VA insurance. Kolstad Eye Clinics offers competitive pricing on their contacts and glasses, with an excellent selection of frames and flexible pricing. In fact, from now until Thanksgiving, the clinic is having a half-off frame sale.

Dr. Kolstad was born and raised in Northeastern Montana, and has been serving the area since 1995. He has clinics in Wolf Point, Glasgow, Scobey, and now Sidney.

"I thought there was a need for another clinic in Sidney, and it's always good to have options," said Dr. Kolstad, adding, "Kids are great and are always welcome patients. I have four kids myself."

Dr. Kolstad spends his free time hunting, fishing, and coaching youth athletics in Glasgow, where he and his family reside.

Appointments are available within a week and walk-ins are welcome. Kolstad Eye Clinics' Sidney location is open Monday – Wednesday from 9:00am – 5:00pm, and will extend their hours and increase days as needed to provide quick and excellent service to their patients. To schedule an appointment, call 406-433-2705, or stop in at the West Side Professional Center at 1405 4th St SW Suite 2 in Sidney.

"I love what I do and I am excited to be in the community," he concluded.

Dr. Jon Kolstad has been serving Northeastern Montana since 1995, with clinics in Wolf Point, Glasgow, Scobey, and now Sidney.

Fubuki Daiko to Perform Nov. 10

The Northeastern Arts Network proudly presents the Japanese drumming group "Fubuki Daiko" on Thursday, November 10th as part of their Big Sky Concert Series.

Fubuki Daiko reinvents traditional Japanese drumming with their eclectic and energetic performances that are part martial arts athleticism, part meditation, and all rhythm. The core members of the group each have over 20 years of taiko experience and received their formative training from the founder of North American Taiko, Grandmaster Seiichi Tanaka. After performing at Carnegie Hall with the San Francisco Taiko Dojo and leaving with Tanaka's blessing, they relocated to Winnipeg, Manitoba where they expanded into the current professional touring ensemble. The group's self-titled CD received a Prairie Music Award for Outstanding Instrumental Recording.

This exciting performance will be held at the Sidney Middle School Auditorium at 7:00 p.m. Tickets can be purchased at the door. For additional information contact Candy Markwald 406-488-4155, Jill Hill 406-489-4304, or Leann Pelvit at 406-433-3500.

Starship, Head East and Kat Perkins Perform to Honor Area Veterans Nov. 12

The Watford City American Legion Club is putting on a triple header concert at the new Watford City Rough Rider Event Center in the name of honoring area veterans on Saturday, November 12 at 8 PM.

1980s Billboard chart topping band Starship, known for their two #1 hits, "We Built this City" and "Sara" will be taking the stage along with legendary classic rock band, Head East and North Dakota native and NBC's "The Voice" semi-finalist Kat Perkins.

All proceeds from this power house concert will go to fund the new Watford City Veteran's Memorial Park,

with the mission to plan, build, equip and maintain a park to honor veterans who have honorably served their country, to promote patriotism and to recognize veterans of all military forces, past, present and future. The main goal is to provide and enhance the current Veterans Park and to provide a quiet place for individuals and families to honor their loved ones who so proudly served.

"We have over 1200 vets from McKenzie County who have served our country," said Jerry Samuelson, project coordinator and director of McKenzie County Veterans Services, who adds that this park will serve as a beautiful

community green space for all to enjoy.

In addition to attending the concert, the public can contribute to the new park by making a donation to the park or by honoring loved ones by purchasing a tree, flag pole, granite park bench or space on the commemorative wall in their honor.

More information about the new Veterans Memorial Park can be found at www.watfordcityveteranspark.com or by contacting Jerry Samuelson at 701-444-6853 or jsamuelson@co.mckenzie.nd.us.

Purchase tickets for the concert at www.roughrider-center.com

Farm Bureau Members Participate in Farm Bill Listening Session

Submitted by Rebecca Colnar, AgNewsWire

Three Montana Farm Bureau members participated in Senator Jon Tester's Farm Bill listening tour October 17 in Billings. Tester is holding listening sessions to hear farmers' hopes and concerns for the new Farm Bill.

Montana Farm Bureau Vice President Hans McPherson, who served on the livestock panel, said one of the difficulties livestock producers have is simply asking for help. "Livestock producers aren't inclined to visit FSA offices to fill out forms. They aren't in the habit of signing up for programs and completing reports. When there is a drought that heavily reduces grazing or haying, and a county is declared a disaster, it's more difficult for them to get immediate assistance. There needs to be some outreach and education so livestock producers can readily use the programs if necessary." McPherson expressed Farm Bureau's support for keeping the Supplemental Nutrition Assistance Program (SNAP) in the Farm Bill. "I also mentioned the best way to get farmers and ranchers continuing to work on conservation practices is to use carrots, not clubs," the Ravalli County rancher said. "Taxpayers need to realize they must fund conservation

practices. Farmers and ranchers are conservation-minded to start with, and if they can get rewarded for their work on land improvement, it's better for everyone and everything." Jillian Streit, the Hill-Liberty-Blaine Farm Bureau county president who sat on the crop and pulse crops panel, explained rural communities must have the funding to expand value-added concepts in Montana. "This way, farmers and ranchers can capitalize on the products we produce at home," said Streit, who is a partner in Stricks Ag, LLC in Chester. "It's important that federal crop insurance supports the American farmer. It must remain intact for grain and pulse crop farmers. I mentioned farmers need ARC (Agriculture Risk Coverage) and PLC (Price Loss Coverage) payments to be in the same fiscal year. If they can't be in the same fiscal year, at least receive payments earlier, such as during seeding, when a farmer needs it. Often you don't get these payments for about 16 months and by then, it's often too late to save someone's crop or farm."

Megan Hedges, a wheat farmer from Chester, served on the crop and pulse panel, as well. "The top priority on our farm should be maintaining our current crop insurance levels," Hedges explained. "Crop insurance is vital to our

survival in agriculture, as well as being the only way new producers can begin farming. I agree with Jill about keeping the ARC and PLC opportunities, along with adjusting how the county yields are derived, as well as the timing of those payments."

"Certainly assistance for rural development, infrastructure and leadership in Montana's rural communities needs to be in the next Farm Bill, too," Hedges noted.

All three participants found the listening session valuable. "It was educational hearing other farmers and ranchers," noted Streit. "This was a great group with diverse opinions about Montana agriculture. I certainly learned much, and feel humbled to have served on that panel. I appreciated listening to the others. I don't have livestock so it was interesting to hear their concerns. I'm impressed Senator Tester is thinking ahead about the upcoming farm bill."

Hedges agreed. "I appreciated Senator Tester taking time to meet with farmers and ranchers to get input on what's working and what's not. It shows he values our opinions and our industry." McPherson echoed Streit and Hedges, adding, "I thought it was very worthwhile. I certainly will do it again if asked."

Work on South Meadows Softball Complex Nears Completion

By Meagan Dotson

Work on the South Meadow Softball Complex is in its final phase. The city is in the process of installing new fencing and completing some concrete work which will wrap up the project. Revitalizing the South Meadow Softball Complex began about a year ago with the development of a new and improved layout for the softball fields that would allow for an alley way between them and additional seating.

The fences and dugouts were in disrepair and in Sept. the City of Sidney, in cooperation with Sidney Public Schools Superintendent Daniel Farr, held a workday where high school students from Mr. Merritt's high school construction class worked with city staff to demo the former structures.

Since then, the city crew has built new dugouts, imported new infield material, and installed new bases and fences. To prevent scheduling conflicts, demo and construction had to wait until Aug. as Youth Softball was still using the field. Quick progress has since been made to complete the project before winter.

Girls Class A Softball will be holding their state tournament on the new fields May 25 – 27 of 2017, which was a big push behind the \$65,000 project.

Part of the funding was provided through the Tourism Business Improvement District (TBID); TBID supports events that help to grow and benefit the community by partially sponsoring projects that will bring over-night guests. Other sponsors include the Dayton Foundation, Olson Foundation, Mr. John Olson (Blue

Rock Products), Sherry Arnold Tournament Fund, Richland County Commissioners, and the Sidney School District. The Eagle Foundation also has available funding should it be needed.

"The donation from the city was mainly in time and labor," commented Public Works Director Jeff Hintz. "Daniel Farr has done a great job in finding the needed funding for this project. The TBID Grant is meant for these types of things that are going to bring people to Sidney."

Expanding the venues and accommodations for the city helps to promote Sidney as a great place for sporting events, festivals, and business conferences, and the work done at the South Meadow Softball Complex has provided one more amenity to the Sunrise City.

PUBLIC OPPORTUNITY TO PROTEST TRANSFER OF OWNERSHIP OF MONTANA ALL-ALCOHOLIC BEVERAGES LICENSE

Quad Treasure, Inc. (Bethanie J. Lohman, Owner) has applied to transfer ownership of Montana All-Alcoholic Beverages License No. 17-999-6894-001 currently operating at Black Gold Casino, 26 U.S. Highway 2, Building #2, Bainville, Roosevelt County. The public may protest this license transfer in accordance with the law.

Who can protest this transfer? Protests will be accepted from residents of the county of the proposed location (Roosevelt), residents of adjoining Montana counties (Richland, McCone, Valley, Daniels and Sheridan), and residents of adjoining counties in another state if the criteria in 16-4-207(4)(d), Montana Code Annotated (MCA), are met.

What information must be included? Protest letters must be legible and contain (1) the protestor's full name, mailing address, and street address; (2) the license number (17-999-6894-001) and the applicant's name (Quad Treasure, Inc.); (3) an indication that the letter is intended as a protest; (4) a description of the grounds for protesting; and (5) the protestor's signature. A letter with multiple signatures will be considered one protest letter.

What are valid protest grounds? The protest may be based on the applicant's qualifications listed in 16-4-401, MCA, or the grounds for denial of an application in 16-4-405, MCA. Examples of valid protest grounds include: (1) the applicant is unlikely to operate the establishment in compliance with the law; (2) the proposed location cannot be properly policed by local authorities; and (3) the welfare of the people in the vicinity of the proposed location will be adversely and seriously affected.

How are protests submitted? Protests must be postmarked to the Department of Revenue, Office of Dispute Resolution, P.O. Box 5805, Helena, Montana 59604-5805 on or before November 7, 2016.

What happens if the transfer is protested? Depending on the number of protests and the protest grounds, a public hearing will be held in Helena or Bainville. All valid protestors will be notified of the hearing's time, date and location. Hearings typically are scheduled within 90 days. A protestor's hearing testimony is limited to the grounds in the protestor's letter. Following the hearing, the Department of Revenue will notify the public whether the license transfer is approved or denied.

How can additional information be obtained? The cited MCA statutes are online at leg.mt.gov/bills/mca_toc/. Questions may be directed to Michael Sell, Compliance Specialist for the Department of Revenue's Liquor Control Division, at (406) 444-3505 or MSell@mt.gov.

The Roundup Newspaper is looking for a freelance writer to cover the Sidney, Watford City & Williston areas. Pick up an application at The Roundup office located in Sidney or call 406-433-3306 for more information.

Candidate Q & A

Montana State Senate candidate Steve Hinebauch held a question and answer session with Sidney and Richland County officials on October 18 at the Sidney Chamber. The questions mainly pertained to the challenges eastern Montana faces in getting funding for much needed infrastructure improvements. Hinebauch stated that fighting overspending and waisting at the state level is his main focus. He pledged to do everything he could to stand up to politicians from western Montana in favor of the needs of his constituents.

Non-Profit Cafe

The inaugural meeting of the Richland County area's Non-Profit Cafe was held October 24 at the Simply Scrumptious Bakery in Sidney. The Non-Profit Cafe is a quarterly meeting of non-profit organizations spearheaded by Elaine Steadman of the Richland County Boys & Girls Club. The Oct. 24 meeting focused on the upcoming "Giving Tuesday" event. Giving Tuesday is a nationwide promotion to focus on philanthropy the Tuesday after Thanksgiving. Watch for more information about Giving Tuesday in The Roundup in the next few issues. Pictured above are meeting attendees (back row L-R) Dan Farr, Eric McPherson and Dan Peters. Front row (L-R) Leslie Messer, Gina Heckey, June Hesser, Diane Ford and Elaine Steadman.

Richland Federal Credit Union Celebrated International Credit Union Day Oct. 20

By Meagan Dotson

October 20th was International Credit Union Day, and Richland Federal Credit Union, located at 201 West Holly St in Sidney, took the opportunity to say thank you to their members, inviting them to stop by for refreshments. International Credit Union Day celebrates the history of credit unions and what sets them apart. These member owned, not-for-profit financial cooperatives were founded on nine principals: democratic control, open membership, nondiscrimination, service to members, distribution to members, building financial stability, co-op cooperation, social responsibility, and on-going education. Credit unions have been in operation for 164 years and offer everything other financial institutions do. There are over 217 million members worldwide, with more than 100 million of them in the United States.

Pictured from left to right are Richland Federal Credit Union employees Tess Hurley, Sharon Roth, Ashley Harris, Mary Williams, Nancy Verschoot, Gerry Entzel, Janet Sergent, Abby Vaira, and Kevin Mayer. Not pictured, Dwight Houchen and Lexie Phipps.

County Agent Update

By Danielle Steinhoff

Long-term Cropping Study

Over in Carrington, the North Dakota State University Carrington Research Extension Center has just released its results of a cropping systems study that started in 1987. The following information is taken from the Carrington Research Extension Center's website and written by Ezra Aberle, Agronomy Research Specialist. The study consisted of three sets of 4-year crop rotations that are replicated three times each year. The eight cycle ended in 2015. This post discusses some of the effects of using composted beef manure on soil properties and selected crop yields. This study is located on a Heimdal silt loam soil, according to the Natural Resource Conservation Service the Heimdal series consists of very deep, well drained, moderately permeable soils that formed in calcareous glacial till. Slope ranges from 0 to 40 percent. Mean annual air temperature is 40 degrees F and mean annual precipitation is 17 inches. In Williams County, most soils are part or similar to the Williams series which consists of very deep, well drained, moderately

2016 Wine & Food Festival Tickets are Now Available

By Meagan Dotson

Tickets are on sale for the 2016 Wine & Food Festival on Saturday, Nov. 5th, which will be held on the third floor of the Stockman Bank building, 301 W Holly St in Sidney. This year's theme is "Celebrating the Moment" and will focus on the OB Unit at the Sidney Health Center (SHC).

Attendants will get to dress up for a night out, sampling paired wine and appetizers, as well as bidding on artwork donated by local artists. They will also get a commemorative wine glass featuring the Brodhead House, designed by the talented Bill Clark.

New to the Wine & Food Festival this year will be the champagne tower; John Stockhill Jewelers has donated a \$3,000 loose diamond that will be in one of the champagne glasses while the rest of the glasses will contain cubic zirconia. Champagne glasses are \$25 a piece and the winning glass will be announced at the end of the evening. John Stockhill Jewelers has also donated a \$3,000 pair of earrings to be hidden inside one champagne popper; poppers can be purchased for \$25 each.

There are a limited number of tickets available for this 21 and over event, so hurry to get yours, available for \$75 at the Foundation for Community Care, 221 2nd St NW in Sidney, and John Stockhill Jewelers, 116 S Central Ave in Sidney. Tickets are non-refundable.

Part of the proceeds from the Wine & Food Festival will go to the OB unit at SHC, while the rest will go to the Foundation's Endowment Fund, helping them in their mission of ensuring the continuance and quality of local healthcare services.

For more information, contact the Foundation at 406-488-2273 or stop by their office.

slow or slowly permeable soils formed in a calcareous glacial till. Slope ranges from 0 to 35 percent. Mean annual air temperature is about 40 degrees F, and mean annual precipitation is about 40 inches. The following information is for a soil type not found in our area, but still great information for those that add manure.

The plots are 180 ft. by 300 ft. so field scale equipment is used. The fertilizer treatments are: (1) urea broadcast applied each spring to all plots, except field peas and soybeans, at 0, 50, 100 or 150 pounds of Nitrogen per acre and (2) composted beef feedlot manure applied once at 200 pounds of Nitrogen the first year of each 4-ear cycle. These treatments are imposed in strips perpendicular to the three tillage systems: conventional, minimal tillage, and no till resulting in 12 sub-plots within each crop. The plots are soil sampled every year and phosphorous and sulfur were blanket applied to all non-manure plots when they fell out of the medium test range. Composted manure plots have significantly higher soil organic matter content. As you might expect, the increase in soil organic matter is due to the additional carbon compounds provided in the composted manure. Along with higher organic matter, these plots have significantly higher soil pH. Chemical reactions in the soil as the urea changed into available forms of Nitrogen increase the acidity of soil (lower the pH). Compost beef feedlot manure is an excellent economical fertilizer if available. Crop yields are equal to and some times greater than equivalent amounts of commercial nitrogen fertilizer. For this information and more of this study such as tillage and economics, check out the Carrington Research Extension Center website at www.ag.ndsu.edu/carringtonREC.

Richland Pump & Supply Has Provided 17 Years of Service And Is Still Going Strong

By Meagan Dotson

This is Richland Pump & Supply's 17th year providing supplies and service to the oilfield. Scott Ramus and Dave Williams opened their doors on Sept. 15, 1999; both had extensive experience in different areas of the oil field and both had been working

for supply company Continental Emsco when the business was bought out by Wilson Supply. Wilson Supply kept the Sidney location open for only ten months before closing-up shop, and at that point, Ramus and Williams decided to start their own company. In the spring of 1999, they

applied for a SBA loan, and once approved, kept newly founded Richland Pump & Supply at the same 1511 South Central Ave location that Wilson Supply and Continental Emsco had operated out of. With Ramus building and serving down-hole sucker rod pumps, and Williams handling the supply side of the store, the two spent long hours at work.

"We worked 16 hours a day, seven days a week at first," remembers Ramus. "A lot of times our families would come down to the shop to have dinner with us because we were working so much. The first day we took off was Thanksgiving."

In March of 2000 they hired two employees and ran the company with a four-per-

son staff until 2002 when oil field activity started picking up. Today, Richland Pump & Supply has two stores, one in Sidney, MT and the other in Stanley, ND with a total of 21 employees, plus themselves. The second store was opened in 2006 after a long-time customer decided to open his office in Stanley, closer to where he was drilling.

"Having the second location has helped us better serve our customers, but I remember at the time this guy telling me that the first one to Stanley wins," Ramus said laughing.

The business expanded in 2014, buying the building next to them for office space and additional storage.

As a company that has been successful and sustainable for 17 years in oil field service, before, during, and after the oil boom, the num-

ber one question seems to be: How is business?

"During the boom we were so busy we could hardly keep up, and we aren't nearly as busy now, but I think that we reached a stabilizing point a while ago," Ramus explained. "It's effected our bottom line immensely, but we've used maintenance as a good source of revenue, which is the biggest difference between this boom and the last. When the last boom ended, it was like one day production was shut down and everybody was gone; this time there's a lot of wells that are still pumping even though there's not much drilling. Those wells need to be maintained and that has been really helpful."

One striving point both owners have had is avoiding layoffs, which has been successful. Not one person has lost their job with the compa-

ny due to the downturn, and Ramus noted that they can keep their staff busy most of the time, serving the entire Williston Basin. The company supplies and delivers down hole sucker rod pumps, tubing anchors, Gates hydraulic hoses and belts, Balon ball valves, line pipe, tubing, fittings, Norris sucker rods and fishing tools. For more information, contact them at 406-488-8706.

"I hope oil activity goes back up, but I don't think it will ever get back to where it was," Ramus added.

But, boom or bust, Richland Pump & Supply continues to provide fast reliable service to their customers, and stable employment for their staff, a testament to their overall success as a company.
