It's the "Wild, Wild West" at the McKenzie County Fair July 11-13

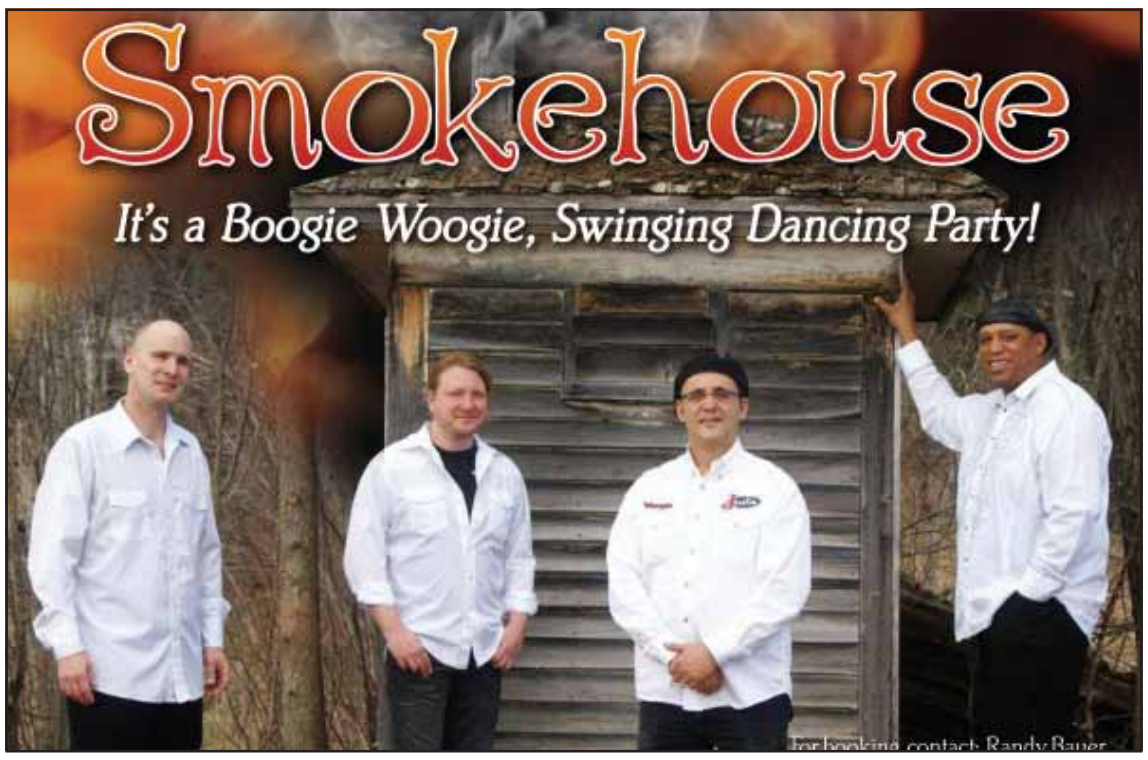
Cotton candy. Hot dogs. Folks tempting you to step right up and win a prize. Youth chaotically running with tickets in hand from one ride to the next. Shrills, screams and genuine laughter. Must be fair time!

For McKenzie County Fair Board members and volunteers, its crunch time as they are busily preparing for the annual fair taking place at the fairgrounds east of Watford City July 11-13.

This year's theme is "Wild, Wild West." General admission is a $5 button good for all three days.

Some of the entertainment highlights include a rodeo, carnival, Curly the Clown and Funtastic Kid Zone, the Olaf Leiseth Jr. Memorial Draft Horse Competition, demolition derby, KIDDYUP Goat roping and youth lil' buckaroo rodeos.

Funtime Carnival Company of Payette, Idaho will be supplying attractions ranging from kiddie rides to whizzing and whirling rides, midway games and carnival food.



For folks who have never witnessed a draft horse competition, the excitement of watching the massive equine participate in a type of ag-olympics will offer excitement and awe. The annual competition is named after Olaf Leiseth, a long time draft horse teamster and member of the Long X Wagon Team.

Foot traffic at the local junkyard may have increased as drivers prospect for sturdy cars to enter into the fourth annual demolition derby which will feature drivers smashing vehicles into their opponents as they attempt to leave the arena with the last vehicle running.

Traditionally, the fair plays host to an extensive 4-H youth lineup of livestock showing.

July 11 kicks off the four days of fun with 4-H activities starting at 10:00 a.m. and lasting throughout the evening.

4-H exhibits for swine, goat, sheep, beef breeding and market beef will take place until 10:45 a.m. with judging of the open class taking place throughout the day.

Curly's Funtastic Kid Zone opens at 11:00 a.m. and Ice Cream in a Bag is back by popular demand with limited sessions at both 2:00 p.m. and 6:30 p.m.

The fair parade will make its way down Main Street starting at 4:00 p.m. followed by the beef barbecue at 5:30 p.m.

Registration for the Olaf Leiseth Jr. Memorial Draft Horse Competition closes at 6:00 p.m. and the event takes place at 7:00 p.m. in the rodeo arena.

On Friday, July 12, commercial exhibits open at 9:00 a.m. and continue throughout the day.

Curley's Funtastic Zone reopens at 11:00 a.m. and KIDDYUP goat roping starts between 11 a.m. and 11:30 a.m.

Youth involved in the 4-H exhibits will be presented awards at 1 p.m. and a livestock sale starts at 2:00 p.m.

Registration for the demolition derby closes at 5:15 p.m. with car inspections following. The derby starts at 6:00 p.m.

Commercial exhibits open at 9:00 a.m.

Curly's Funtastic Kid Zone opens at 11:00 a.m. with goat roping at 11:30 a.m.

At 3:00 p.m. the lil' buckaroo rodeo will take place at the livestock show arena.

The NDRA rodeo starts at 6:00 p.m. featuring saddle bronc and bareback riding, steer wrestling, calf roping, ladies' barrel racing and ladies' & men's breakaway roping

Tickets to the demolition derby or the rodeo cost $10 for adults and $5 for children ages 6-13. Children six and under are free.

Capping off both Friday and Saturday night is a dance with the band "Smokehouse," an all-pro variety act featuring four outstanding performers who bring a powerful vocal blend to the stage. This year's dance will be sponsored by Watford City's western wear store Saddle Up and their vendor Tony Lama. The dance begins at 9 p.m. on both nights.

Chamber Announces Parade Winners

Submitted by Wade Vanevery

Judges had a wide range of entries to sort through for parade winners at the 2013 Town & Country Festival. Selected as best small entry was the one-mule wagon entry of Rick Tiezen. Going to the opposite end of the spectrum for the best large entry was the tractor and implement brought by Sunrise Equipment Company. Rounding out the winners is the Best Use of Theme award going to the Dynneson Family with their collection of horse drawn and automobile units. The Chamber thanks everyone who took time to be participants in the parade, helped organize the parade, and came out to take it in.

The Chamber appreciates the work of the Sidney Jaycees for their work and participation in organizing the pet parade. The Jaycees report a great turn-out of pets and dressed-up owners.

OBITUARIES

Nicholas "Nick" Jones, 64, Sidney, MT

Nicholas "Nick" Jones

Nick was born December 14, 1948 in Sidney, MT to Francis and Alyce (Hansen) Jones. Nick spent his life as an active participant in the Sidney community. Beyond his active role as a local businessman, he is remembered for his laughter which accompanied an outgoing personality, love of outdoor sports, and fireside storytelling.

Nick graduated Sidney High School with the class of 1967. From there, he entered college at Pacific Lutheran University (Tacoma, WA), where he was honored to have been selected as a member of Choir of the West. His time at PLU was punctuated with many travel opportunities throughout the U.S. as part of the choir. A passion for singing and enjoyment of music remained with him from that time.

In 1970, Nick returned to Montana where he married Randi Logan before completing his studies at the University of Montana. Nick's alliance to UM and the Grizzly sports programs remained for decades, including his active membership and participation with the Grizzly Scholarship Association.

Nick and Randi welcomed two boys, Justin in 1972 and Patrick in 1975. They raised their family in Sidney. The family enjoyed competition through sports as well as time spent camping, hunting and fishing. These activities remained a constant for Nick, his family and his friends throughout his entire life.

In more recent years, Nick found love and friendship with a high school sweetheart in Barb Connor. Together, the two enojoyed travel and entertaining friends at their home in Sidney. Barb gravitated to fishing poles over shotguns, and the two of them spent many summer days at the cabin on Lake Sakakawea. They were married in Arizona with immediate family and friends last winter.

Nick's fingerprints on the Sidney Community are wide and varied. At a personal level, he was active as a member of the SHS Sports Booster program, an avid golfer and lifetime member of the Sidney Country Club. He was a 20-year firefighter as part of the Sidney Volunteer Fire Department. He was also a lifetime member of the (BPOE) Elk's Organization. Consistent with his passion for hunting and fishing, he was a founding member of Sidney's Ducks Unlimited chapter. He was a charter member for both Pheasants Forever and Walleyes Unlimited. In 2006, Nick was honored to be named to the State of Montana's Upper Missouri River Advisory Board.

In his professional life, Nick's contributions are tangible. He was active in the creation of multiple housing developments, real estate projects and hotel and motel development.

Longtime friends and associates remember Nick as a successful businessman. His professional career started in Billings where he was a salesman for Brown's sport center (sales). Once his family was underway, he returned to Sidney to work with his grandfather, Nick Hansen. Together, they built a successful business in Valley Meat where Nick was manager. From there, S&H Cattle became his next business venture. And finally, Nick took his interest in business deals into real estate. Nick took a position as agent with Bill Mullen. Following Bill's passing; Nick passed the MT State Broker's exam, and promptly opened Nick Jones Real Estate, which remains active to this day.

Nick passed away during a fishing weekend on June 23, 2013.

Surviving Nick are: his wife, Barb Jones, Sidney, MT; Justin (Tammy) Jones, Sidney, MT; Kim (Randy) Amys, Windsor, CO; Kevin (Caren) Connor, Seattle, WA; Brian (Lisa Ballard) Sather, Tiburon, CA; his beloved grandchildren Logan and Lilian Jones, Connor Strauch, Gavin Hagstrom, Sarah and Eli Connor, Ayla and Liam Sather.

Preceding Nick in death was his son, Patrick Jones and parents Alyce and Francis Jones, Sidney, MT.

Vernon Caldwell, 82, Culbertson, MT

Vernon Caldwell, 82, of Culbertson, MT, passed away at his home on Sunday, June 23, 2013. Friends were invited to the Caldwell Ranch on Thursday, June 27 at 4:30 p.m. for a time of fellowship and sharing. Fulkerson Funeral Home of Sidney was helping the family with arrangements.

Robert "Bob" Baumeister, 82, Sidney, MT

OUTDOORS

Lane Papka from Savage, MT holds up his first ever 2.9lbs walleye that he caught while fishing with his dad Levi Papka at Van Hook this past weekend.

Deer Lottery Scheduled for Last Week in July

The North Dakota Game and Fish Department will conduct the 2013 deer gun lottery the last week in July.

Licensing manager Randy Meissner said several thousand paper applications need to be entered into the system before the lottery is held. "In the past we were able to run the lottery once all regular gun applications were entered, but with the new law it looks like the end of July will now become the normal time period for holding the deer lottery," Meissner said.

The 2013 state legislature passed a law that requires gratis applicants interested in receiving an any-legal-deer license to submit the application before the regular lottery application deadline.

"Therefore, both regular gun and gratis applications submitted by paper have to be entered manually before the lottery can be run," Meissner said.

Applicants who applied online and submitted an email address will receive notification once the drawing has been held. Others can access the Game and Fish Department's website at gf.nd.gov to find individual results, or to sign up for email/text alerts.

Watchable Wildlife Photo Contest

The deadline for submitting photos to the North Dakota Game and Fish Department's annual Watchable Wildlife Photo Contest is Sept. 30.

The contest has categories for nongame and game species, as well as plants/insects. An overall winning photograph will be chosen, with the number of place winners in each category determined by the number of qualified entries.

Contest entries are limited to digital files submitted on disk or via email. Contestants are limited to no more than five entries. Photos must have been taken in North Dakota.

By submitting an entry, photographers grant permission to Game and Fish to publish winning photographs in *North Dakota OUTDOORS* magazine, and on the Department's website, gf.nd.gov.

Photo disks should be sent to Watchable Wildlife Photo Contest, C/O Patrick T. Isakson, North Dakota Game and Fish Department, 100 N. Bismarck Expressway, Bismarck, ND 58501-5095.

Send emailed digital photos to photocontest@nd.gov. Digital submissions can be either original digital photographs, or scans made from prints or slides/transparencies. Photographers will need to supply the original image if needed for publication.

Photo disks will not be returned. All entries must be accompanied by the photographer's name, address, phone number and email address if available. Other information such as photo site location and month taken are also useful.

MULEY Day Camp Slated for July 13

The North Dakota Game and Fish Department's Encouraging Tomorrow's Hunters program is a primary sponsor for an outdoor learning event in the Bismarck area on Saturday, July 13.

Put on by the Mule Deer Foundation, the MULEY Day Camp runs from 10 a.m. to 2 p.m. at the Moffit Gun Range. It includes rifle and archery target shooting, hunting and safety information and demonstrations.

All equipment is provided, along with a free lunch and door prizes. To preregister, email ndchair.mdf@gmail.com, or call Ryan Krapp at (701) 471-8788.

The Game and Fish Department's Encouraging Tomorrow's Hunters program provides grant dollars to help local communities and organizations fund events that promote youth hunting and shooting sports. For more information, contact outreach biologist Pat Lothspeich at (701) 328-6332.

North Dakota Game & Fish News

Submitted by North Dakota Game & Fish Department

Put Garbage Where it Belongs

The North Dakota Game & Fish Department reminds outdoor recreationists who celebrate the Fourth of July along any heavily-used recreational area to keep it clean by packing out all trash, including fireworks.

All garbage, including used fireworks, should be placed in the proper trash receptacle. If trash cans aren't available, or are full, take the trash and dispose of it at home. It is not uncommon to see garbage piling up around trash containers after they become full. Styrofoam containers are not biodegradable, but yet are often found wedged in cattails, drifting or washed up on shore.

Worn tires, old mattresses and kitchen appliances have found their way to public use areas. This illegal dumping is costly to clean up and takes a significant toll on the environment. Not only does it spoil the beauty of the land, it destroys habitat, has the potential to pollute North Dakota waters and can injure wildlife. Littering violations should be reported by calling the Report All Poachers telephone number at 800-472-2121.

Fireworks Prohibited on WMAs

The North Dakota Game & Fish Department reminds citizens that possession or use of fireworks on state wildlife management areas is prohibited.

The primary objective of a wildlife management area is to enhance wildlife production, provide hunting and fishing opportunities, and offer other outdoor recreational and educational uses. Only activities that would not disrupt the intentions of how these areas are managed are encouraged, and a fireworks display is not compatible.

Excessive noise and commotion that come with fireworks disturbs wildlife, and their explosive nature is a potential source of wildfires. Chances of a wildfire developing are greatly enhanced when explosives, such as fireworks, come in contact with tall grasses in rural areas.

A complete list of the WMA regulations is available on the Game & Fish website, gf.nd.gov.

Hunting Guide and Outfitter Test

The next hunting guide and outfitter written examination is August 10 at 1 p.m. at the North Dakota Game & Fish Department office in Bismarck. The test is given periodically to anyone interested in becoming a hunting guide or outfitter in the state.

In addition to passing a written exam, qualifications for becoming a guide include a background check for criminal and game and fish violations; certification in cardiopulmonary resuscitation and standard first aid; and employment by or contact with a licensed hunting outfitter.

Hunting outfitter eligibility requirements include the guide qualifications, as well as an individual must have held a hunting guide license for two years; and must have proof of liability insurance.

Interested individuals are required to pre-register by calling the Game & Fish Department's enforcement office at 701-328-6604.

FWP Surveys Hunters and Landowners on Wildlife Disease

Submitted by Montana Fish, Wildlife & Parks

State wildlife officials have embarked on an extensive survey of hunters and landowners to determine their opinions about Chronic Wasting Disease, a rare brain disease that is always fatal in deer, elk and moose.

CWD belongs to a family of diseases that include mad cow disease in cattle, scrapie in sheep and Creutzfeldt - Jakob disease in humans.

Montana Fish, Wildlife & Parks is conducting the survey in anticipation of creating a new plan to impede the fatal diseases entry into Montana – and for managing the risk of spreading should it be detected here. Montana's first CWD plan was completed in 2005.

"We're surveying more than 3,000 resident hunters and landowners to learn more about what they know about the disease and to determine what we may need to consider in a new CWD risk management plan," said Ken McDonald, FWP wildlife division chief in Helena.

After more than 14 years of testing, CWD has not been found in Montana's wild deer, elk or moose populations. About 18,000 wild deer, elk and moose, mostly harvested by hunters, have been tested for CWD in Montana since 1998.

CWD was diagnosed in 1999 in nine captive elk on an alternative livestock facility, or game farm, near Philipsburg. All the animals there were destroyed and the facility was quarantined.

States where CWD is confirmed in wild deer or elk include Colorado, Illinois, Kansas, Maryland, Minnesota, Missouri, Nebraska, New Mexico, New York, North Dakota, Pennsylvania, South Dakota, Texas, Utah, Wisconsin, West Virginia and Wyoming. CWD has also been found in Alberta and Saskatchewan, Canada. Most of the states and provinces have game-export regulations that Montana hunters must follow. Similarly, Montana hunters may only bring back processed deer, elk and moose when hunting in a CWD positive area in another state.

Symptoms suggestive of CWD in deer, elk and moose include emaciation, listlessness, blank facial expressions, excessive salivation, lowered heads and, in some cases, hyper-excitability and nervousness. FWP encourages hunters and others who see animals with any of these symptoms to contact the nearest FWP office.

Public health officials have found no link between CWD in deer and elk and disease in humans and say that at this time CWD poses no known risks to humans, domestic livestock or pets.

For more information, visit the CWD Alliance website at http://www.cwd-info.org/; or visit FWP's CWD Frequently Asked Questions at fwp.mt.gov and search "CWD".

Arnegard Centennial Celebration This Week

Along with their traditional 4th of July events the City of Arnegard will celebrate its Centennial this year with special events planned through the 7th.

Starting out the celebration on the 4th of July will be the traditional parade, games and Beef BBQ at noon, which is sponsored by the George Fleck family this year. An evening of fireworks will finish off the day.

The festivities continue with registration Friday, July 5th at 10 am followed by time for class reunions and socializing from 1pm to 6pm. Wrapping up the first evening will be 'Hamburgers in the Park' served by the Arnegard Lions Club and a dance in the park with music by the 'Falcon Brothers' out of Trenton.

Saturday is a day full of events and festivities. In honor of the centennial, there will be a parade at 11am with lunch available from the Arnegard 4-H Club from noon until 3pm. The afternoon will be full of class reunions, socializing and kids' games at the ballpark. Visitors will enjoy the memorabilia at Wilmington Church and the Old School B&B. Starting at 6pm there will be a banquet, which the committee requests you RSVP for. Wrapping up the evening, the 'Falcon Brothers' will again provide live music from 8pm to midnight.

The celebration will continue into Sunday, with 'Breakfast in the Park' served by the Arnegard Booster Club from 8am until 1pm. A non-denominational church service at Wilmington Church at 11am, followed by a farewell gathering will complete the festivities.

The centennial celebration will give those who are associated with Arnegard, whether past or present a chance to meet up and celebrate the city's past.

Glendive Company Resolves Opencut Mining Violations in Wheatland and Richland Counties

Submitted by Lisa Peterson

Fisher Sand & Gravel Company of Glendive recently paid $10,407 to the Montana Department of Environmental Quality (DEQ) to resolve violations of the Montana Opencut Mining Act at a gravel pit in Richland County, Montana.

In the early part of 2012, Fisher mined gravel outside of the Prewitt Pit #4's permit boundary. Mining in an unapproved area is a violation, because there is no approved plan or financial assurance in place to properly reclaim the disturbed area. The company has since obtained an amendment to its reclamation permit to cover the unapproved area.

In another action, Fisher has agreed to pay a $38,500 penalty to resolve similar violations that occurred at the Winnecock Pit in Wheatland Co.

"Fisher took responsibility for the violation and worked with DEQ to correct the problems" said Daniel Kenney, DEQ Enforcement Specialist.

Fisher's Operations Manager Mike Newton said, "We know the rules, we made some mistakes and we shall not let it happen again. Fisher has a long standing very good working relationship with DEQ and we feel that these penalties are fair and just."

Persons who have questions about the requirements for opencut mining operations may contact DEQ's Industrial and Energy Minerals Bureau at (406) 444-4970 or visit DEQ's Opencut Mining Program's web site at www.deq.mt.gov.
