# **Anderson Vermeer Moves Back To The Ranch**

# **Rains Beneficial To Agriculture**

By Lois Kerr

Timely, adequate rainfall may have changed a looming high dollar loss into a positive gain, not just for beet growers but for farmers throughout the area. "This rain will really help," says Sidney Sugars Agriculture Manager Russ Fullmer. "The first rain cost us a million; this one gives us a million. Every crop needed water, especially in the south, so this rain gives us a breather."

He continues, "The first rain gave us enough moisture to sprout the beets but not enough to keep them going. Hot temperatures and hot winds just sucked the moisture right out of the ground. As a result there are fields with thin stands, and we have approximately 3900 acres of replant, where beets sprouted but then dried out and died. So, our overall potential is not as good as it could have been."

Beets are doing well in fields that had adequate mois-

# 3 On 3 Tournament For Town & Country

A new event during Town & Country Festival is a youth 3 on 3 basketball tournament on West Main Street in Sidney on June 23rd. Organizer of this event is Jace Sullivan, Sidney Eagles girls' basketball coach. Play starts at 10:00 a.m. in front of the Richland County Courthouse. This competition is open to all students entering the 4th thru 9th grade for the 2012-13 school year. Entry fees for a 4 man team are \$30 and \$10 more for additional team members. Entries are due on June 21st at the Chamber, or post-marked by June 19th. Contact the Sidney Area Chamber of Commerce and Agriculture for entries and details. Division Champions will receive Championship T-Shirts.

To date, no major disease or insect problem has arrived to plague growers. "We're seeing a few flea beetles, but they are nothing unusual and they are under control," Fullmer says.

Agriculturists will conduct crop estimates in early June, and take root samples in July. These samples will give Sidney Sugars some idea as to what to expect for crop yield in the

Fullmer also announces that Sidney Sugars has hired a new agriculturist. Todd Erickson, formerly with Busch Ag and currently employed by a business in Fairview, will begin agriculturist duties with Sidney Sugars in mid-June. Erickson will serve the Savage, Powder River, and Pleasant View districts.

To date, Sidney Sugars has not replaced General manager Steve Sing, who retired at the end of May.

# Fort Union Rendezvous June 14 – 17

#### Fort Union Trading Post

A fur trading outpost on the Northern Plains, Fort Union Trading Post hosts its 30th annual Rendezvous during 4 days in June with an encampment of traders, craftsmen and Native Americans to relive its heyday and allow visitors a glimpse of history. It is not uncommon to see mountain men tanning hides, a blacksmith at work, artisans crafting jewelry and teepees with Native American artifacts. In the evening, you may hear a fiddler and voices singing around the campfire. Enjoy a new experience each year with demonstrations, speakers and storytellers. For information, call 701-572-9083.

Anderson Vermeer Sales will be holding an open house on June 11 to celebrate their move from Alexander back to their ranch at 15192 Hwy 68.

Anderson Vermeer Sales has been the premier Vermeer dealer in northwest North Dakota & northeastern Montana for nearly 30 years. Anderson Vermeer was established in 1984 by Don & Debbie Anderson. In 1998 they moved their Vermeer equipment sales & service business from the ranch off Hwy 68 to Alexander, ND.

Anderson Vermeer carries a full line of Vermeer bailers, processors, rakes and mowers. Additional products they carry are Hydra Beds, Ranch Hand grill guards & bumpers and Winkle flatbeds & panels. The company will install and service everything they sell.

In 2007 the dealership was awarded the coveted "Vermeer Masters" Award from Vermeer Manufacturing Co. The award is presented to Vermeer dealers who either reach or exceed specific sales, service and dealership management criteria established by the manufacturer. They have received the award every year since 2007.

The move back to the ranch was prompted by the increased traffic in Alexander due to the oil boom. Getting away from the hustle and bustle of Hwy 85 will be better for both the company and it's customers. The new spacious building is equipped to handle all the parts & services they provided in Alexander.

Presently, the Anderson's son & daughter in law Ben & Janelle Anderson manage the day to day operations at the new location. Ben & Janelle have a seven year old son, a four year old daughter and a one year old son. They are committed to same great customer service that their parents Don & Debbie provided.

Anderson Vermeer Sales invites everyone to their open house on June 11 from 10 AM to 3 PM Central time. They will be having door prizes donated by their vendors, free food and all Vermeer parts, net wrap and twine will be 10% off. The new location at the Anderson ranch is at 15192 Hwy 68, across from the radar tower at mile marker 13. Contact Ben or Janelle at 701-828-3358 for more information.

# McKenzie County 4-H Horse Show Scheduled

The McKenzie County 4-H Horse Show will run on Tuesday, June 19 at the McKenzie County Fairgrounds in Watford City. The show begins at 9 a.m. All 4-H members in McKenzie, Williams, Divide, Mountrail, Dunn, Golden Valley, Stark-Billings and Richland (Montana) counties are invited to attend.

2012 classes include halter showmanship, western horsemanship, trail, western riding, reining, pole bending, barrel racing, goat tying, ranch horse, and western pleasure classes, with classes in each event held for 11 years and under, 12 through 14 years, and 15 years of age and older.

Winners of each event will receive prizes.

All exhibitors must wear a helmet or western hat, western boots, jeans/slacks, a belt and long sleeved solid white shirt with 4-H emblem.

Participants must pay a \$2 entry fee per each event entered, payable on or before Tuesday, June 12.

Registration deadline is Tuesday, June 12, with no late entries accepted. People may mail entries and registration to the McKenzie County Extension office, 201 5th St NW, Suite 525, Watford City, ND 58854.

# Culbertson Frontier Days June 15 – 16

Each spring finds Culbertson playing host to the Saddle Club's Frontier Days. With the help of the Chamber of Commerce, two full days of western hospitality and fun includes rodeos in the Saddle Club's unique tiered rodeo grounds, a parade on Saturday, a barn dance, and concessions on the grounds. Contact Luke Anderson for rodeo info @ 406-787-5860

# Mobile Tire Service Helps Truckers Keep On Truckin'

By Jaimee Green

These days, increased traffic means an increased potential for flat tires along secondary and state highways. And with the busy season of farming and the general influx of oil related trucking activities, coupled with road construction, and the occasional piece of sharp debris, truck drivers often find themselves roadside with a blowout on a tire too monstrous in size to tackle changing themselves.

For commercial truck drivers, help is just a phone

Expanding on their family business and developing a mobile tire service, two Glendive men have devised a speedy service to help get those roadside truckers back on the highway.

Michael Libby, 34, and Brendan Van Wagner, 33. are brother-in-laws who originally went into business together in 2010 when they purchased Birdsall Tire following its closure. Together they own Badlands Tire.

Recently, they decided to equip a 7.3 liter diesel Ford F-250 with the necessary tools and additions that would allow them to travel to truckers with flat tires. "A lot of those tires are massive in size and can't be changed by the average person and that's where we come in. We make it a priority to get to the location as soon as possible so they can get back down the road," Libby said.

Recently, in their shop, they also started installing pickup accessories and audio systems. They've managed to delegate the work between the two of them with Libby running the service truck, the pickup accessory installation and oil changes and Van Wagner installing the sound systems and man-

406-433-4041 2201 West Holly, Sidney

aging the paper logistics of the business.

With 24 hour tire service, Libby said he's driven as far as Tioga but more generally has a service area that includes Glendive, Watford City, Sidney and Williston. The mobile tire service is also available seven days a

"I wanted to create a business that could serve the community. By expanding our services with the mobile tire truck we are able to cater to the trucking and farming industry which is a huge part of our community," Van Wagner said.

Whether it's a steady leak or a sliced side wall, flats have the potential to severely puncture pocket books and the longer it takes to fix a flat, the more expensive it can get. "When those semis are parked and out of commission those guys aren't making any money and it's just not productive for anybody out there trying to make a living," Libby said.

Making the service calls a priority means Libby typically leaves the shop within 15 minutes after receiving a call. By keeping all of the varying tire sizes and brands in the shop he can quickly locate and load the right tire for the job. On the average, it takes less than an hour to change the tire out once he arrives.

After changing the tire, Libby bills out for service on location, often contacting the company and handling the paper work before getting back to Glendive. The service charges include the cost of the tire, and an hourly rate. There are no additional fees for mileage.

There is no additional fee for tire disposal.

The mobile service doesn't include mechanical work on roadside vehicles.

may look into additional services in the future.

On a daily basis, back in the shop they wash and service oil company's and farmer's vehicles, passenger and light trucks with oil changes and other maintenance services.

"We do our jobs with honesty and integrity. We're a family run business and we understand how important word of mouth is and happy customers. We treat people the way we want to be treated because that's how it's supposed to be," Libby said.

Before the two went into business with each other. Libby worked in construction for over a dozen years and decided to go into business for himself after becoming injured. Van Wagner also worked in construction after attending Trinity Bible College in Ellendale, N.D.

"I guess you could say I am one of those people who enjoys a challenge and this has been a challenge getting the business going. There's a big difference between construction and retail and service but this has been fun. Challenging, but fun," Libby

Watching the entrepreneurial duo work together it becomes evident that there is a productive rhythm at work as each seems to anticipate the other's next move. "When we're working there isn't a lot of talking going on but we get in there and we get things done. We complement each other's strengths and weaknesses well," Van Wagner

They also have an intern, Aleks Marble, who assists them with cleaning and light service work while he is getting work experience.

For the co-owners, family is the close bond that keeps the business intact. Libby's wife, Amanda, cares

Badlands Tires and Sales owners Brendan Van Wagner (left) and Michael Libby.

Wagner's wife Carolina does the same for their five chil-

When Van Wagner isn't working he keeps himself busy as a youth pastor for the Glendive Assembly of God Church. Both men consider spending time with his family to be a top priority.

Badlands Tire is located at 1522 Crisafulli Dr., across from NAPA and Kmart in Glendive.

For more information contact (406) 377-TIRE or for after hours service calls contact (406) 941-0426.

# **English Touch Adds New Nail Technician**

Janet Cook is delighted to announce the addition of Val Lipp to an English Touch Day Spa. Lipp comes to Sidney from the Denver, CO area with 30 years experience as a nail technician. She recently passed the National Boards for Montana using her years of experience and also received an update on the clinical aspect.

Lipp invites males and females to come in for anything from a basic manicure to the latest in acrylic and shellac nails, or just tips if you wish. She also does pedicures and provides Senior Nail Clips for a reasonable charge. "I have found a need for this service. Seniors may

to clip their own nails, and I am happy to provide that service for them," she said.

Lipp joined her husband who has been working in the Sidney area for about a year. She's happy with the town, having come from a small town outside Denver.

Schedule your next nail appointment with Lipp by call-

ing An English Touch Day Spa at 406-433-1430. Her

Val Lipp

by appointment only. An English Touch Day Spa is located at 205 N. Central Ave.,

# **Alan Bjerga To Hold Book Signing**

Alan Bjerga is a judge at the Miss North Dakota Pageant being held in Williston June 7-9. He will also sign his book "Endless Appetites" at Books on Broadway Friday, June 8 from 12:30 to 2:30 CDT.

**Understanding The Twenty-**First Century Food Crisis

Since 2007, farm-product prices have rocketed and plunged, causing hunger, malnutrition, and social and political upheaval around the world. Endless Appetites explores how 'food security", the availability of food and the reasonable ability to buy it, has become one of the most challenging topics of our time. With every jump in grocery store prices, the issue becomes more and more pressing, proven by this year's record increase in food prices, which has already topped the spike of 2008.

Award-winning commodities reporter Alan Bjerga explains the food crisis and why it is happening in an accessible, articulate manner. Why is this happening when more food is being

grown than ever? From college campuses to emergency UN meetings, "food security" is one of the hottest topics of the day, with no shortage of interest in how to stabilize food prices worldwide to close the hunger

To understand the growing international food crisis, readers need an expert they can rely on. One of the most widely acclaimed journalists on food security, Alan Bjerga is up to the task, taking readers from the trading floor of Chicago to the highlands of East Africa to the rice paddies of Thailand on a global trek to find the causes of the food-price crisis-and the solu-

Food security, the availability of food and reasonable access to it, has become one of the hottest topics of the year, growing in importance with every spike in agricultural commodity prices, of which there have been many since 2007. While 2012 prices have not been as severe as 2007 and 2008,

they are still up double-digits with grain up 33% and fruits up an absurd 62%. These increases have led to hunger, starvation, and often civil unrest. Why is this happening just when such huge progress has been made in productivity? Could it be that the very markets first established in Chicago in the 1800s to help stabilize agricultural commodity prices have become a hedge funders casino where the rich are taking food out of the mouths of the poor?

Alan Bjerga (Washington D.C.) has covered food and agricultural issues for nearly a decade for Knight-Ridder newspapers and Bloomberg News in Washington, D.C. He won the Glen Cunningham Award from the North American Agricultural Journalists in 2005 for his work on ties between U.S. farm subsidies and obesity. In 2009, he was recognized for his project covering U.S. food aid and famine in Ethiopia by the Society of American Business editors and Writers, the North American Agricultural Journalists, the New York Press Club, and the Overseas Club. He is a two-time winner of the Kansas Press Association's top award for agricultural covers in 2004 and 2005. Bierga is president of the National Press Club and speaks on government suppression of journalists worldwide, and hosts the Club's celebrated luncheon series, broadcast on C-SPAN and public radio. He is also president of the North American Agricultural Journalists. Bjerga began his career with the St. Paul Pioneer Press and reported for the Sioux Falls Argus Leader and the Wichita Eagle. He contributes to Washington Monthly magazine, National Public Radio, and Pacifica Radio affiliates, and writes for Bloomberg Businessweek magazine. Bjerga earned a bachelors degree from Concordia College and an MA in mass communication from the University of Minnesota. In his spare time, he plays guitar and frequently performs with Honky Tonk Confidential, a retro/alt country band with songs written by CBS "Face the Nation" anchor, Bob Schieffer, and won \$50,000 on "Who Wants to be a Millionaire?" in 2005, and placed second in 2003 on Jeopardy!'

# Grab-n-Go Is Even Faster!

We Welcome Visa, MasterCard, Discover & American Express

Credit & Debit Cards

Open 5 am - 3 pm Mon-Sat In Finnicum's Parking Lot, Sidney

## **BOOK SIGNING**

In conjunction with his judging duties at the Miss North Dakota Pageant, Alan Bjerga, award winning journalist for Bloomberg News, will sign copies of his book, "Endless Appetites"

If you can't make it, call to reserve your signed copy.

# All Welcome On Local Native Plant Society Summer Field Trips

The Maka Flora Chapter of the Montana Native Plant Society has planned two field trips for 2012. If you enjoy the outdoors, have an interest in plants, like to hike or are just curious about trying something new, plan to attend one or both of these outings. You do not need to be a Native Plant Society member to participate.

In advance of the field trips, Maka Flora member and USDA National Grasslands Botanist, Libby Knotts, will be presenting a program on native plants at the Sidney Public Library on June 6 at 7:00 pm. This presentation is part of the library's Adult Summer Reading Program. Everyone is invited to the program to learn more about prairie plants and the adult summer reading program.

This summer's field trips offer a variety of landscapes, plants and interesting site-seeing. The descriptions provided here are brief, so contact the trip leaders identified below with any questions to be sure the trip meets your expectations, physical abilities, and equipment. If you plan to bring children, please ask the trip leader if the activity is appropriate for your children. Be prepared. Wear appropriate clothes and shoes. Bring food. water, extra clothes, raingear, sunscreen, insect repellent, sunglasses, hat, and any other personal gear you might need. Montana weather can change rapidly! For more information on the following field trips, contact Libby Knotts at 406-774-3778 or at rek@midrivers.com.

June 9 - Medicine Lake National Wildlife Refuge 10:00 a.m. Explore the Medicine Lake National Wildlife Refuge, a natural prairie wetland that attracts many types of waterfowl and is surrounded by prairie, including unique sand dune prairie with interesting plants. Easy to moderate hiking. Meet at the Refuge headquarters, just one mile south of the town of Medicine Lake, MT. Bring a dish to share for a potluck picnic lunch. For more information on the refuge, to www.fws.gov/ medicinelake.

August 18 - Brush Lake State Park - 10:00 a.m. Montana's newest state park surrounds an ancient glacial lake. The lake has a sandy beach, good swimming and camping is allowed. Come for clean-up around the lake and plant walks. Bring garbage bags and gloves and something for a potluck picnic. From Plentywood go south 15 miles on Highway 16 to Highway 258 (East Reserve Highway), go east about 15 miles to Brush Lake county road, turn south 1 mile. From Medicine Lake, go north 8 miles on Highway 16 to Highway 258. For more information on the park, go to http:// stateparks.mt.gov/parks/visit/ brushLake.

The Montana Native Plant Society is a non-profit organization chartered in 1987. Today there are over 600 members and six chapters across the state. The Maka Flora Chapter represents a large area of eastern Montana. Maka is the Sioux word for prairie, and flora is the Latin word for flower. You can learn more about the Montana Native Plant Society by visiting their website

www.mtnativeplants.org.

Yellowstone Valley Greenhouse

Open 6 days a week 9 a.m. 6 p.m. • Sun. 10 - 4 p.m. • Rain or Shine 35247 Cty Rd 127 • (406) 482-8051

Owners: Torben & Natalie Erikstrup • Sidney, MT

2 miles north of Sidney on Hwy 200, turn east on Cty Rd 127, paved road to 4 way, east 1/2 mile on left.

# **Enrolls At RMC**

Carl Redman will attend Rocky Mountain College this fall. Carl plans to major in Theater. He graduated from Sidney High School.

Carl has been accepted to Rocky Mountain College based on his educational performance, which includes his high school grade point average, course selection, ACT or SAT scores, and letters of recommendation.

Founded in 1878, Rocky Mountain College is Montana's oldest institution of higher learning and one of the most distinctive baccalaureate colleges in the American West. For 13 consecutive years, U.S. News&World Report has ranked RMC in the top 10 best baccalaureate colleges in the West. Forbes Magazine ranked it as the top college in Montana.

A private comprehensive college offering more than 50 liberal arts and professionally oriented majors, RMC has a diverse population of approximately 1,000 students who come from thirty-seven states and twenty countries.

RMC also offers professional studies in aviation, equestrian and physician assistant programs. Masters degrees are offered in accountancy, physician assistant and educational

# Fehilly Wins Pole Vault In NSIC

Continues on to earn NCAA Div II All-American status at the Nationals

Just two weeks after earning the pole vaulting championship of the Northern Sun Conference, Miranda Fehilly of the University of Mary was able to place 5th at the National Outdoor Division II Track and Field Championships in Pueblo,

Fehilly had redshirted the outdoor season as a freshman because she had fractures in her lower back, which made her eligible to complete this year as a fifth year senior. She qualified for the indoor national championships as a sophomore. This year, Fehilly competed unattached during the indoor season, which allowed her to stay sharp in her event and to remain close to her teammates.

Fehilly reached a height of 12-4, which is a personal best to earn her place on the podium at nationals. Fehilly cleared the first two heights on her first attempts which helped her clinch her new All-American Track and Field status. "It means a lot," said Fehilly, an elementary education major. "I've had so many awesome competitors over the years."

"It's always nice to see a senior come and get an All-American plaque," Coach Thorson said. "It's neat from a coaching perspective to see a senior do that. She had a big support crew here. She wanted to go out with a bang, and she certainly did."

# Williston Farmer's Market To Open Mid-July

The Williston Downtown Association is spearheading a Farmer's Market to take place on Saturdays from 10 a.m. to 2 p.m. in the parking lot behind American State Bank, downtown Williston, beginning mid-July. They are currently looking for vendors to sell garden produce, craft items, baked goods, any item the public would be interested in purchasing. Please contact Thomas Farrenkopf at 701-570-0294 or willistonfm@gmail.com if you would like to participate.

# **Carl Redman of Crane Lady Buccaneers Place In Regional** Tournament

The Lady Buccaneers finished the regional tournament 1 and 3 with a 5th place finish in the NJCAA Region IX Division 1 tournament. The team completed the MonDak conference with an 11-1 record and a first place finish. Their overall record was 20-19 for the season. Dawson Community College head coach Jim Le Prowse stated that Kayla Lake from Sidney High school hit .377 with 10 RBIs and 1 home run for the season, but the number that stood out for Kayla is her batting average against the other MonDak teams. "Kayla hit a staggering .619 in those games. She is one of the fastest players you will find. If an infielder bobbles the ball or even hesitates at all Kayla will beat out any ground ball." Lake also plays a very solid center field for the Buccaneers.

Coach Le Prowse said he is sad to see the season end, but feels that it was a very successful one. His team ended the season with a .367 average.

# **Fairview Garage Sale Slated For June 16**

Mark your calendars for the Annual Fairview Community Garage Sale which will be held on Saturday, June 16. Anyone hosting a sale that day who wishes to be included on the map can contact Joan or Paul Eldridge at 701-744-5346 or ironworks.eldrige@gmail.com by June 12.

# **MonDak Relay For Life** Celebrates 10th Anniversary

Residents of Richland County and the surrounding areas will gather at the Richland County Fairgrounds on July 27 at 7:00 p.m. to celebrate the 10th anniversary of the American Cancer Society Relay For Life® in this community. Over the previous decade, MonDak Relay For Life has raised more than \$500,000 in support of the American Cancer Society's vision of a world with less cancer and more birthdays and for programs and services benefitting Richland County residents.

Numerous individuals have participated in this Relay every year, including Sidney resident Anne Kimbrell. In 2003 Anne's sister Cathy passed away after battling a brain tumor. Upon returning from Littleton, Anne saw in the newspaper that Sidney was having a Relay For Life event, which was a 12 hour walk for cancer.

"It was at that moment I decided to walk the entire 12 hours for 12 years in memory of Cathy's 12 year battle," stated Kimbrell. "I feel honored to be a part of this uplifting event honoring Cathy and everyone else that has been affected by cancer."

Relay For Life events are held overnight as individuals and teams camp out at an athletic track, park or other gathering area, with the goal of keeping at least one team member on the track or pathway at all times throughout the evening; this however is not required to participate. Teams do most of their fundraising prior to the event, but some teams also hold creative fundraisers at their camp sites during Relay. Relay brings together friends, families, businesses, hospitals, schools, faith-based groups . . . people from all walks of life all aimed at furthering the American Cancer Society's efforts to save lives by helping people stay well, by helping them

Anne Kimbrell, pictured left holding the Sidney Health Center team banner, has been a local Relay participate since it started in 2003.

get well, by finding cures and by fighting back.

"Relay For Life draws attention to the progress being made in the fight against cancer," said April Boehler, MonDak Relay volunteer event co-chair. "Many participants are our family, friends, and neighbors who have faced cancer themselves. Their involvement helps brings hope that, together, we can eliminate cancer as a major health problem."

Information about how to form a team or become involved in MonDak Relay For Life is available at mondakrelayforlife.org or by calling 406-489-6981. MonDak Relay For Life can also be found on Facebook.

# RN Industries Participates In "Keep Williston Clean"

RN Industries employees rolled up their sleeves and contributed to the grass roots, "Keep Williston Clean" program efforts on Saturday, June 2nd. RN Industries is participating in the "Adopt A Highway" program by sponsoring a two mile stretch just outside their shop located at 14672 highway 2, Williston, ND. Employees will continue to maintain the median of the highway keeping it free of trash on a routine

"One of our employees, Teresa White, a dispatch support team member, brought the idea forward as a way that we can give back and serve the community we live and work in. This is a tremendous opportunity for us to be able to en-

hance the Williston area and

industries who live in, do

continue to make it a place where both the temporary Comment on stories and permanent residents, and "Like" them on are proud to call home", says, Facebook at William O'Driscoll, the Regional Manager for the North Dakota division of RN Industries. "From a corporate viewpoint, we need to do everything we can to support this Everything community effort and do our part to keep it visually appeal-Roundup on the ing to visitors, residents and

web

We encourage other local businesses, as well as corporations outside of the area who do business here, to do the same. We all can make a difference in how we represent ourselves, our businesses and how we perceive or want Williston to be.

"Keeping it clean is just the start!" says, Sean Nazer, Operations Specialist with RN Industries at the Corporate office in Roosevelt, Utah. "We picked up a monster amount of garbage", says, Bryan Reed, one of the newest drivers with RN Industries. When reporting to the dispatch call this morning, Bryan's response was, "Great, I will do whatever we need to do! This is a good thing." Other drivers participated as well and responded in a like enthusiastic, positive and supportive manner. The team is happy to have the employment opportunities that they have found in the Williston area and are excited to share in the success that the oil and gas industry has offered their families while most spend a great deal of time away from them in order to provide for their

RN Industries is the premier oil and gas field specialist in fluid transportation and storage services. In North Dakota, we offer fluid transportation, hydro-vac and heavy haul services, as well as frac tank rentals. We have a fleet of roughly 400 units and 300 employees working in our offices in Utah, Colorado, Pennsylvania, North Dakota, and Ohio with operations extended to bordering states. For more information regarding our services, please contact Tony White, Sales, at 701-651-2153.

# **Sidney KCs Hold A Successful Ultrasound Fund-Raising Campaign**

On November 29th of 2011 our Knights of Columbus group (chapter 3002 of Sidney) was asked to help prevent abortions. The Sunrise Resource Pregnancy Center (SRPC) had been recently started in our city, and they wanted the KCs to buy them an ultrasound machine. It was hoped that having an ultrasound would help undecided pregnant women make "life-affirming" choices.

There have been over 55 million abortions performed in the United States since 1973. Pregnancy Resource Centers (PRCs) attempt to deal with this problem in a positive way. There are currently over 4000 PRCs in our country. The goal of these centers is to provide Christian-based educational services. These clinics provide free pregnancy tests, assistance with newborn care, adoption referrals, and miscellaneous services. Some of these PRCs also qualify as Medical Clinics, and provide ultrasound exams. Studies

have shown that pregnant women who show up at a PRC choose life 85% of the time when they see their baby on ultrasound - compared to 25% of the time when no ultrasound exam is

The international KC organization ("Supreme") provides matching funds for local KC groups who want to purchase ultrasound machines. Our initial goal was to raise \$15,000. Our small local KC group was worried that that was "a lot of money," but we nonetheless decided to accept the fund-raising challenge. Under the direction of our worthy grand knight, Con Donvan, we scurried around looking for donations. Neighboring KC groups were asked to contribute – and responded with incredible generosity. Local individuals, businesses, and churches also made incredibly generous contributions.

We once thought our goal was a nearly "impossible mission." With God's help, however, we were able to turn this into a "mission ac-

complished." We were, in fact, able to raise over 36 thousand dollars! The international KC organization ("Supreme") has just written a check for \$26,045 to pay for half of a state-of-art ultrasound machine. Our excess funds will be used for SPRC general operating expenses.

Because of oil development in our part of the state, the population in our region is rapidly increasing. Fifteen women from Richland County had an abortion in 2010, compared to an average of 8 women per year that had abortions between 2004 and 2008. Our local pregnancy resource center is a Christian community-wide effort to deal with this problem. The Knights of Columbus have successfully helped support this cause. Thanks to all of you who made contributions. And spread the word that abortion is a preventable problem something that can be approached with Christian goodwill, education, and counseling.

### Club/Catch & Release Club Whopper Club Only species listed and meeting minimum weight requirements will qualify for a patch and certificate. Only one application may be made for each species in a lifetime. An-

glers receive a patch for the first whopper of a species, an Expert patch for a whopper of another species, and a Master patch for a whopper of a third species. After that only certificates will be awarded for whoppers of additional species.

An application card must be filled out, giving weight and length of fish, date and where caught, signature of applicant, and signature of person weighing the fish.

All fish entered must have been harvested by legal methods as described in the North Dakota fishing guide and come from North Dakota waters open to public fishing. Entries must be weighed on a scale used in trade.

#### Catch and Release Club

Nineteen species of fish qualify for the Catch and Release Club. Entries must meet minimum length requirements and be released unharmed back to the water. Another angler must witness and verify the measurement and release.

Anglers will receive an official membership certificate a choice of jacket patch or boat decal. A maximum of five entries per year per species will be recognized.

Catch and Release Club, and Whopper Club forms are available to print, fill out, and mail to the Department at http:/ /gf.nd.gov/fishing/whopper-clubcatch-and-release-club. They cannot be completed online as they require signatures.

# **Guest Opinion: Walk Through A YES On Measure Two**

Let's walk through a YES to Measure Two.

Tens of thousands renters and campers are moving in, and they all use the services that are currently funded by property tax. But, since you voted YES to Measure 2, those renters and campers will have to pay their share for those services. Good! Property owners should not have to foot their bill.

Currently, out-of-state developers are being given an 'incentive' by our generous government, giving them No-Property-Taxes on their housing developments for more renters. But if a North Dakotan develops a project, we DO have to pay property tax. Yet KIL-ND keeps telling us that we should keep paying property tax so out-of-staters don't get a break. Did you catch that little twist there?

(By the way, it is illegal for the government to be using citizens' tax dollars to fight a citizens' initiated Measure. They're doing it anyway.)

But! A YES to Measure 2 just saved us North Dakotans from footing the bill on these developments by out-of-staters. They will have to pay their share for the services they use. Good!

Your mortgage is paid. Because of YES to Measure Two, celebrate! You now own your home. You don't have to take out a loan to pay the government a rental tax. And, you can spend the money the government used to take. You can make home improvements if you'd like, and not get penalized for increasing its value.

And, the money you spend on improvements or vacations or whatever you enjoy, just increased the amount of retail sales. Thus, more sales tax was just collected. No one had to raise the taxes. And you have something of value or enjoyment from the retail taxes you paid.

Your Social Security decreases, or no longer exists. Not a problem. Since you voted YES to Measure 2, you have your home, free and clear since you paid off your mortgage.

If other taxes should increase anyway, you will be okay. You have your home. And you have the choice to spend less elsewhere. You would have had no choice, though, if the government could still demand property taxes from you. Good thing you voted YES on Measure 2!

KIL-ND kept scaring you about needing a fire truck and school funds. Let's see, once every 10 years or so a fire truck is needed, and all these renters need a school now. The legislation is required to give you the money for both the truck and the schools; Measure 2 stipulated that. How nice! You don't have to lose your home to provide those services for all the renters. Plus, for the first time ever, the government can no longer place conditions on how you spend the money. Your YES to Measure 2 has given you local control for the first time!

Bonus! Those Social Service workers will no longer harass your family and children. Your property taxes had paid their wages. It was the second highest levy on your tax bill. No need to replace that tax burden. Parents, raise your children the way you know how, because you voted YES to Measure Two!

Celebrate the security of keeping your home; cause all people to pay for services they use; defund Social Services; and, for the first time, have local control over spending. Things sure are better when YES to MEASURE TWO wins!

Nikki McAlpin **Grassy Butte**
