## Lewis And Clark Trail Museum 50<sup>th</sup> Anniversary Celebration, June 29, Alexander, ND

Entertainment, history, food and fun to honor the past and look to the future

By Mary Pat Martell Jones

The 50<sup>th</sup> anniversary celebration for the Lewis and Clark Trail Museum in Alexander on Saturday, June 29 will be a stellar event befitting the legacy of Lewis and Clark and the president, Thomas Jefferson who sent them. It will be a testament to the character, ambition, ingenuity and perseverance of the pioneers and settlers who followed them. There will be something for everyone at this great event.

Lewis and Clark were sent west in 1804 by President Thomas Jefferson to explore and map the great unknown west. They spent 214 days on two separate visits in North Dakota. It was here they met Sakakawea who traveled with them and was instrumental in their success. This expedition opened up the west to the European explorers followed by the homesteaders who began coming to western North Dakota in the late 1800s and early 1900s.

In 1967, a group of local community members had a vision that preservation of seemingly everyday items would be an important window to the past and worked to preserve the great heritage they shared. The McKenzie County Historical Society organized an Alexander chapter, which led to a special committee for the Lewis and Clark Trail Museum. They were offered and accepted the old Alexander school built in 1914 for their proposed museum. The museum opened in June 1969, 165 years after Lewis and Clark first passed through North Dakota. Using innovative displays that use each classroom to feature a different aspect of history the museum currently has one of the largest inventories of historical artifacts in North Dakota.

The program will start at 4 p.m.. It will open with the Williston Drum and Bugle Corps playing with Leslie Bieber, Superintendent of the Alexander School, singing the National Anthem. Pastor Kevin Beard will do the invocation. Master of Ceremonies is Dr. Paige Baker. Dr. Baker's many accomplishments include over forty years of experience in the private, public and tribal sector. He has worked in energy and has been the superintendent of two national parks and the Bureau of Indian Affairs at Fort Berthold. He has been the director of several university programs and is a past member of the board of directors for the North Dakota Humanities Council.

The keynote speaker for the event is Clay Jenkinson, award winning scholar, film maker, author, historian, dramatist, and creator and star of The Jefferson Hour podcast. Mr. Jenkinson has appeared in three Ken Burns documentary films, including the film The Roosevelts: An Intimate History. He has made four documentary films and written nine books, including the critically acclaimed The Character of Meriwether Lewis. He has played a dozen historical characters including Lewis and Thomas Jefferson. The Jefferson Hour has been running for 25 years.

There is more...Bob Petermann, acclaimed cowboy poet and singer, will also be performing. Bob has three recordings and one book to his credit. Bob's style of cowboy music is pure and strives to preserve the true west. He has been the featured performer at numerous venues over the years including the world renowned National Cowboy Poetry Gathering in Elko, Nevada. There will also be a short "tech meets history" presentation about the QR scams. The program will end with the Sixth infantry firing their cannon in salute.

Honored guest will be Grace Link, former First Lady of North Dakota. She and Governor Art Link raised their five children on a farm south of Alexander. Mrs. Link celebrated her 100<sup>th</sup> birthday last summer.

Following the program, feel free to roam the museum and see updated rooms and historical exhibits with hors d'oeuvres to enjoy as you explore. The hors d'oeuvres are being created especially for the celebration and will have a connection to the room that features them. KBgraFZ Custom Signs and Graphics have generously donated new signs for the Days of the Week

The first grade room exhibit at the Lewis and Clark Trail Museum.

room, just one of many new improvements.

In addition to the days of the Week room, there are rooms that focus on Lewis and Clark, the last lynching in McKenzie County, pioneers, country store, former Governor Art Link and family, historical classroom and the Hall of Fame room with memorabilia of remarkable past residents. The grounds of the museum include a log cabin from the Madison Ranch south of town and the old Boy Scout cabin that houses photos and maps of the area as well as the Old Settlers Days honorees. The old Highland Lutheran Church building is also on the property with the museum's massive prehistoric petrified tree stumps unique to western North Dakota decorating its front lawn.

In 2018, the museum completed an extensive addition. The new space permitted the museum to display many items that needed to be relocated. Some items complement existing displays, such as fire apparatus, wagons, carriages and our largest threshing machine, which is particularly unique because of its wooden structure. Other items help to round out the variety of businesses represented at the museum, including a soda fountain, saddlery items from the saddle maker's shop, and tools and equipment from the blacksmith shop. Over a dozen horse-drawn items show the importance of horses to homesteaders' agricultural practices as well as horse drawn transportation. Antique automobiles provide insight into the importance of the introduction of mechanized transportation to North Dakota's largest county. For the model train enthusiasts, the museum's model train will be running.

We invite you to share in our celebration on June 29 and all of the 2019 season. Watch our Facebook page for upcoming events at <https://www.facebook.com/LewisandClarkTrailMuseum>, and come by and enjoy a specialty drink at James Gang Java located on the grounds in the old Charbonneau School building.

The museum is open Memorial Day through Labor Day, every day except Wednesday, from 10 a.m.-5 p.m. with Sunday hours of 12-5 p.m. and is located at 102 Indiana Ave. E., Alexander, ND.

The 50<sup>th</sup> anniversary celebration is June 29 beginning at 4 p.m.

## Sidney Author to Present Book to Sidney/Richland County Library

Local author, Jaymi Mozeak, will be presenting a copy of her novel, Demon Warrior, to the Sidney/Richland County Library Saturday, June 29 at 1 p.m. Demon Warrior is the first book in her Hounds of Heaven Saga series. After presenting the book to the library for their general collection she will remain in the library until 2 p.m. to sign her novel, have a short discussion on self-worth and discuss future plans for her series.

As a teenager, Jaymi received a series of visions as an answer to prayer. Those visions helped her through a very difficult time in her life and helped her as she struggled through her period of abuse and low self-worth. She saw how the story within the visions could continue to help others through hard times in their lives. The novels of the Hounds of Heaven Series are based on her visions.

Mozeak's novel, Demon Warrior, is about a creature named Silver Fox, who experiences negativity and rejection from the society she is living in. Throughout the story, though, another creature called Shepherd loves her. He wants her around and has a plan, just for her. Demon Warrior is a Christian Fantasy novel packed with action and excitement. With this unique book the author hopes to reach out to those who are bored by the average Christian novel or maybe don't fit in the typical Christian category and those, like herself who've been lied to about their worth. She wishes to remind them that even those who are not typical Christ followers are useful too and loved by God. Jaymi originally wrote the book for young adults but found certain older readers to enjoy reading it as well.

Demon Warrior is Jaymi Mozeak's first novel, although, several future novels are planned in the series. Learn more about the author and read a few of her short stories at [confessionsofchristianshaman.wordpress.com](https://confessionsofchristianshaman.wordpress.com). Also, look up the series to find out about future events and book signings at [www.facebook.com/houndsofheavensaga](http://www.facebook.com/houndsofheavensaga).

# Show Your Support for ROI Residents This Saturday, June 22

It's finally here! The ROI Prom will take place this Saturday, June 22, and residents are beyond excited. Thanks to the extreme generosity of the community, the ladies all have the fancy prom dress of their dreams and the men have their suits and tuxes. Fancy dinners, limo rides, and music will make the evening special

for each and every one. To make the evening even more special, please plan to support ROI this Saturday evening by attending the Promenade at 6:30. Vehicles will turn east at Taco Johns and continue on 8th St., then to the high school. Honk, wave, and just make some noise to cheer on the residents as they head

to the Grand March, where everyone is again invited to show them you care. The Grand March will take place at 7 p.m. followed by the crowning of the king and queen who were chosen by fellow residents. People are also welcome to stay and dance to the music of DJ Ethan Hoffman. Although they will be in

attendance, ROI staff wishes to stay in the background and allow the residents to simply enjoy themselves. Many of the residents are not from Sidney and have no family who would be able to attend. Your presence for the evening, or even for 15 minutes, would mean a great deal to residents and staff.

Pictured left to right are Gene Emly and his prom date Maria McKenzie. Gene's promposal was Teddy Bear themed complete with a sign reading "Prom would be unBEARable without you."

## Wolf Point Wild Horse Stampede July 11-13

**By Jaymi Loobey**  
Down a lonely seeming road on the outskirts of Wolf Point are a set of grandstands seemingly abandoned behind a three pole gate and sign with three wagon wheels. Who would think in just a month's time it would be packed full of people. For once again on the second weekend of July, the town of Wolf Point, situated on the beautiful Missouri River will explode. The Rodeo Committee and Stadium Committee are banding together to bring the Wolf Point Wild Horse Stampede to life. It will be held July 11, 12 and 13 this year at the Marvin Brookman Stadium, 6265 Rodeo Rd in Wolf Point, MT.

The Wild Horse Stampede actually started out as a competition in 1920 for a few local cowboys and Native Americans in roping and riding events. Now, years later, the 96th annual Wolf Point Wild Horse Stampede is 3 days of official PRCA rodeo events, the Human Stampede, wild horse race and calcutta, the Stampede Roundup golf tournament, parade Friday and Saturday, art in the park and an open team roping event. There are things for the kids as well with a carnival and stick horse rodeo. Amanda Payne of One Armed Bandit & Co. will be performing every day and there will be PRCA RAM Rodeo and Cinch action starting at 7 p.m. every night. About 200 of the world's best PRCA cowboys and cowgirls consistently come to compete on Brookman rodeo stock every year in the Wild Horse Stampede. The WPRA National Small

Rodeo of the Year committee along with many dedicated Stadium committee and community volunteers do their best to make this event renowned. During the rodeo alone, over a hundred volunteers are working in plain sight and behind the scenes to make this work. The theme this year is "Denim & Diamonds". Miss Rodeo Montana and Miss Teen Rodeo Montana will be showing up for the festivities as well.

The ticket booth opens June 19 from 12:30-6 p.m. Monday- Friday and can be contacted at 406-653-1770. General Admission Advance tickets are \$17, \$20 at the gate. Buckaroo Advance tickets are \$20, \$22 at the gate. Kids 6 & under get in free to the rodeo. For more information visit the event's Facebook page or the Wolf Point Chamber of Commerce's website, [www.wolfpointchamber.com](http://www.wolfpointchamber.com), and click on the Wild Horse Stampede's icon.

## Safe Sitter® Course Now Being Offered, June 26, Sidney Students Learn Home Alone Safety & More

The Sidney-Richland County Library, in partnership with the Richland County Health Department and the Montana State University Extension Agency, will offer Safe Sitter® courses for young teens, grade 6-8, Wednesday, June 26 at Sidney-Richland County Library. Class is held from 9 a.m. to 3 p.m. and a pizza lunch is provided. Registration deadline is Tuesday, June 25, and space is limited to 16 participants. The cost of the course is \$20. Call 433-1917 for more information.

More than 600,000 young teens have graduated from the program, which teaches, how, why and where injuries happen so they can be prevented. # Equinor Donates Over \$22K To First Responders In McKenzie, Mountrail And Williams Counties

Williston, ND -- Equinor, an international energy company, donated over \$22K to emergency management services in the McKenzie, Mountrail and Williams counties in North Dakota. The donated funds will help first responders meet and enhance the individual needs in each county to protect and support those communities.

"Equinor has built its business on a strong foundation of community trust, collaboration and stewardship. This donation signifies both our gratitude for the local first responders' service to these North Dakota communities and our commitment to support the specific emergency management needs in each

location," said Linda Pitman, Williston Basin Regional Manager. Equinor has had a presence in North Dakota since 2011 and employs over 100 professionals. Throughout its 47 years, Equinor has taken an active approach to helping communities, supporting a range of programs, organizations and communities where the company has operations.

"We are so grateful for Equinor's generous support and appreciate the flexibility in how best to allocate the funds where they can do the best good," said Karolin Jappe, McKenzie County Emergency Manager. "The range of needs for each emergency management service is expansive -- from gas

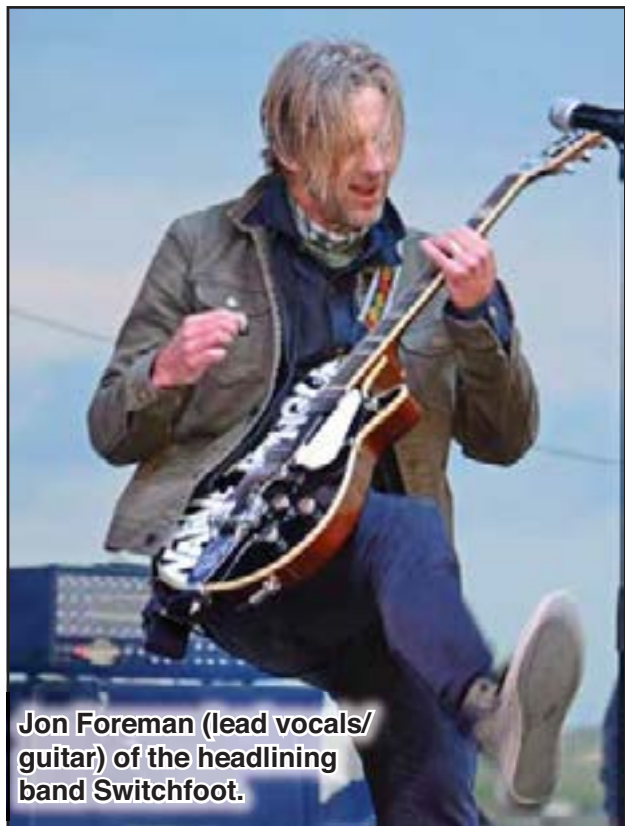

monitors for every firefighter to a Hazmat trailer, all things that need funding will make a difference and enhance the ability of our first responders to do their job more effectively and safely as they protect all of us."

Equinor will be formally presenting checks to the McKenzie, Mountrail and Williams county emergency management on June 14 at Equinor's office

## Life Light Christian Festival A Big Success

Jon Foreman (lead vocals/guitar) of the headlining band Switchfoot.

Submitted by Roger Riveland

Saturday afternoon's 2nd annual "Life Light Christian Festival" at the McKenzie County Fairgrounds in Watford City, ND started out wet but the rain stopped, temperatures warmed and bands played, BMX bikes jumped, motorcycles from "Zero Gravity Outreach" flew, Josh Brewer preached and 5 bands played concerts.

Children's activities were not forgotten. The youngsters were busy painting rocks, making balloon animals and watched and joined into a live show by "Burnnie the Bunny" of children's TV series The Burnnie Show.

Cade Thompson of Souix Falls, SD was first, followed by Bread of Stone from Sioux City, Iowa, then Sanctus Real from Toledo, Ohio, White Ribbon Day from Cedar Rapids, Iowa and then the headlining alternative Christian rock band Switchfoot took the stage.

DJ Peacock was the MC at the festival. Switchfoot started in 1996 and their 2003 album "Beautiful Letdown" sold over 2.6 million copies. According to Jon Foreman, the name "Switchfoot" comes from a surfing term. "We all love to surf and have been surfing all our lives so to us, the name made sense. To switch your feet means to take a new stance facing the opposite direction. It's about change and movement, a different way of approaching life and music.

The crowd of 800-1000 people had a great time.

# Sunrise Festival Kids Corner

By Bill Vander Weele  
Sidney Chamber

The Sidney Area Chamber of Commerce and Agriculture announces that the 29th annual Sunrise Festival of the Arts, presented by XTO Energy, will feature a new and expanded Kids Corner on Saturday, July 13. The segment will now be called Arch's Kids Corner after the late Arch Ellwein, who was an outstanding contributor to the Sunrise Festival of the Arts for many years.

A Lemonade Stand Contest will be one of the features of Arch's Kids Corner. Youngsters are urged to build a stand, sell their lemonade and join the fun. Pre-register at the Sidney Chamber office or by calling 433-1916. A parent or guardian must attend the event with the child. Booths must be set up by 10 a.m. to 1 p.m. on Saturday, July 13. The price of lemonade can't exceed 50 cents a cup. Contestants are responsible to bring their own stand and ingredients. Cups will be provided.

There will be prizes for the most creative stand, best lemonade and People's Choice.

The day of fun at Arch's Kids Corner will also include a tractor pedal pull. Prizes will be awarded. Tri-County Implement is providing the pedal tractors.

District I Prevention Specialists will have a booth for a summer to-do bucket list and a selfie station for kids to be part of the #makehealthychoices campaign.

The Brorson Farmhands 4-H Club will decorate its large Adirondack chair for photos.

The Sunrise Women's Clinic is also working on another fun activity for the event.

Area regional artists and authors are featured at the annual Sunrise Festival of the Arts from 8 a.m. to 4 p.m. at Veterans Memorial Park on July 13.

The day includes live entertainment, prize drawings and concessions.

## State Officials Suggest Steps To Prevent West Nile Virus

State and local public health officials are reminding Montanans to take steps to avoid mosquito bites and prevent infection with West Nile Virus (WNV). In Montana, WNV season usually begins in July and ends in October, as this is when the mosquitoes that transmit WNV emerge.

The best way to prevent mosquito-borne diseases is to protect yourself from mosquito bites. While mosquitoes found in Montana are unable to transmit diseases like Zika virus, they do spread WNV. The virus can also infect horses and birds, with birds serving as the source of infection for most mosquitoes who then pass the virus along to humans by biting them.

"As we approach WNV season, we encourage everyone to take the proper precautions to prevent mosquito bites when outdoors," state DPHHS epidemiologist Erika Baldry.

Since WNV surveillance began in 2002, the 2018 season was the third highest in terms of the number of WNV cases reported in Montana. Forty-seven people were diagnosed and reported, including one death, which was the 14th WNV-related death in Montana since 2002. Humans are not the only ones that can be infected with WNV and 50 Montana horses were also diagnosed in 2018.

The average number of human cases reported in the three years prior (2015-2017) was eight, while the average number of equine cases reported in the three years prior (2015-2017) was six cases. A vaccine for horses is available and highly recommended but no vaccine is available for human use.

When infected with WNV, about four out of five people will not have symptoms and will develop immunity after clearing the infection. Among the one in five individuals who develop illness, they will generally experience mild symptoms that may include: headache, body aches, joint pain, vomiting, diarrhea or a rash.

Serious symptoms can develop in rare cases with fewer than 1 in 100 of those infected developing infections in or around the brain, also known as neuroinvasive disease. Of the 47 cases of WNV reported in 2018, 22 were mild cases, while 25 were neuroinvasive cases. Out of the total 47 cases reported, 51% (24) occurred in individuals over the age of 60 years. Severe illness can occur in people of any age; however, people over 60 years of age are at greater risk.

People with certain medical conditions, such as cancer, diabetes, hypertension, kidney disease, and people who received organ transplants, are also at greater risk. Currently, no vaccine or specific treatment exists for a person at risk or ill with WNV. Anyone who develops any of the serious symptoms listed should see their healthcare provider for evaluation and care.

The 4 D's of West Nile Virus prevention should be followed to reduce the chance of mosquito bites.

1. DEET: Use insect repellent such as DEET or picaridin.
2. Drain: Drain standing water around your house to prevent mosquito breeding.
3. Dawn/Dusk: Mosquitoes are most active during dawn and dusk. Stay inside or take precautions to prevent mosquito bites during these times.
4. Dress: When possible, wear long sleeved shirts and pants to protect yourself from bites.

For more information about WNV, please visit the DPHHS website at: <https://dphhs.mt.gov>.

The event is free, but you can purchase a Sunrise Festival button for discounts at Sidney businesses and a chance to win prizes. Buttons cost \$4 in advance and are available at the Sidney Chamber, Stockman Bank, Richland Federal Credit Union and Yellowstone Bank. Buttons are \$5 the day of the event.

## Put Garbage Where it Belongs

**By North Dakota Game and Fish Department.**  
The North Dakota Game and Fish Department reminds outdoor recreationists to keep public use areas, including state wildlife management areas, clean this summer by packing out all trash.

All garbage should be placed in a proper trash receptacle. If trash cans aren't available, or are full, take the trash and dispose of it at home.

It is not uncommon to see garbage piling up around full trash containers. Styrofoam containers are not biodegradable, but yet are often found wedged in cattails, drifting or washed up on shore.

Tires, mattresses and kitchen appliances have found their way to public use areas. This illegal dumping is costly to clean up and takes a significant toll on the environment. Not only does it spoil the beauty of the land, it destroys habitat, has the potential to pollute North Dakota waters and can injure wildlife.

In addition, possession of glass bottles is prohibited on state wildlife management areas and state sovereign lands. Therefore, it is illegal for outdoor recreationists to possess glass containers on sandbars within the Missouri River System.

Littering violations should be reported by calling the Report All Poachers hotline at 701-328-9921.

A complete list of WMA regulations is available on the Game and Fish website, [gf.nd.gov](http://gf.nd.gov).

## Fireworks Prohibited on Wildlife Management Areas, Camping Restriction Lifted for The 4th of July Holiday

**By North Dakota Game and Fish Department.**  
The North Dakota Game and Fish Department reminds citizens that possession or use of fireworks on state wildlife management areas is prohibited.

The primary objective of a wildlife management area is to enhance wildlife production, provide hunting and fishing opportunities, and offer other outdoor recreational and educational uses that are compatible with these objectives. Only activities that would not disrupt the intentions of how these areas are managed are encouraged, and a fireworks display is not compatible.

In addition, the Game and Fish Department will lift the Tuesday-Wednesday no-camping restriction for the upcoming Fourth of July holiday week, which will allow overnight camping July 2-3 on those WMAs that otherwise have this two-day restriction in place.

A complete list of the WMA regulations is available on the Game and Fish website, [gf.nd.gov](http://gf.nd.gov).
