McKenzie Building Center's New Ownership Expands Business and Looks To Grow Through Acquisitions

Plans Include Mobile Home Sales and Electrical & Plumbing Supplies, Needs More Staff For Expansion

McKenzie Building Center of Watford City, an established building materials supplier since its predecessor started in 1934, has a new aggressive ownership group, an investment firm, that is interested in expanding the business internally and through additional acquisitions throughout North Dakota.

"Watford City is the epicenter of the Bakken Oil Region and with multiple major residential and commercial developments planned for the community, we are thrilled with the opportunity to participate in Watford City's amazing growth. We are planning to expand our overall revenues to about \$100 million annually through add-on acquisitions in the building materials business throughout North Dakota, South Dakota and Montana," said Eric Sparrow, CEO of both McKenzie Building Center, Inc., and MBC Holdings, Inc., the parent company of the Building Center.

Mr. Sparrow has teamed up with Wendy Sherwood, the company's Vice President, in successfully completing the acquisition, and they have big plans going forward.

"We are building on the strong reputation of the business to expand its offerings to include more building materials, more farm and ranch supplies, tools, specialty woods, flooring, kitchen cabinets, carpeting, flooring and appliances for both the do-it-yourselfer as well as the professional contractors that are now a substantial part of our business," added Mr. Sparrow.

"The company is also seeking to expand its ability to sell and erect quick build steel buildings that can be up to 100 feet wide and can be custom constructed as large barns, storage units, warehouses, retail stores, churches, community centers, schools, literally anything that is required, as there are no limits to the sizes and utilization," said Russ Archer, who heads up the custom building division.

The senior management of McKenzie Building Center, Inc., has been streamlined so that long time experienced employees have taken the reigns of the company and are now active in its management, including the promotion to COO (Chief Operating officer) of Anthony Floreno, Geo La Roche as the Vice President of Sales, Jessica Allen as Chief Financial Officer and Credit Manager and Russ Archer as Vice President of Purchasing.

"Former owners Alvin Gravos and Cheryl Maynard have made the ownership transition smooth and effortless," said Mr. Floreno, who took over the day to day operations of the company.

"I have been ready to retire for several years now, but wanted to build the business to be a strong presence in the area, before selling and planning my retirement estate," said Alvin Gravos who had purchased the business years ago from the original founders, and was instrumental in building it up to its present size. "I wanted to make sure that the new owners would be willing to grow the business to take advantage of our area's growing needs, and with this sale, I am satisfied that they will certainly do that and I look forward to the company's continued growth in the future and to its expansion plans," added Mr. Gravos.

McKenzie Building Center, Inc., is a full service supplier of all types of building materials including lumber, siding, roofing, insulation, tools, ceiling tiles, cabinets and counter tops, windows/doors, flooring, decking, fencing, farm and ranch supplies and paint, plus anything needed to build or improve your home, including appliances.

The company is now planning to add a retail mobile, modular and RV home sales center this summer to meet the demands for new housing as well as planning a model mobile/modular home community in the area to provide affordable housing in a planned development, and has retained the services of an award winning consulting firm to develop the site plans.

The new homes will start at an affordable \$29,995 and range to \$129,995 allowing a price point for everyone to afford a home. The company is working with banks and finance companies as well as with various affordable financing programs available through the VA, FHA and other affordable plans that will allow as little as 5% down, or \$1,500 to qualify for a new home. "Being able to offer easy and affordable financing for our home buyers is the key to new home

Pictured are (L-R) Drew Floreno, Jessica Allen-CFO, Russ Archer-VP Purchasing, Brittany Taves, Geo. La Roche-VP Sales, Anthony Floreno-COO, Kaye Turner, Lane Connolly, Eric Sparrow-CEO.

sales," added Ms. Sherwood. "Our available homes will start at around \$299 a month and provide comfortable living in a well planned community," she added.

Home buyers will also be able to purchase the homes for placement on the buyer's own lot or land, without having to purchase the lot and some of those will start from \$199 a month, and RVs from \$99 a month!

"Our current location on Highway 23 in Watford City, is also sufficient to add a new plumbing and electrical department, and we are also adding buildings to accommodate the expansion of our inventories of items in stock, to better serve our contractor clients and homeowners," said Anthony Floreno, COO. Mr. Floreno has taken over the management of daily operations from Mr. Gravos, and has been working on that transition for some time.

"We are looking to use this business as the nucleus of an expansion program that will allow us to offer competitive pricing due to our increasing purchasing power due to the growth of our business. This year we expect an increase of our revenues at this location of about 30% over last year, and we are looking to add staffing at all levels on both a part time and full time basis as experienced sales personnel, office staff, accounting personnel, and yard and truck drivers," added Mr. Floreno, COO.

McKenzie Building Center serves the following counties in North Dakota: McKenzie, Williams, Mountrail, Ward, McLean, Mercer, Dunn, Billings, Golden Valley and Stark. They can deliver anywhere in North Dakota and Montana as well. In Montana they serve Richland, Dawson, Wibaux, Fallon, Prairie and Roosevelt.

"Our vendors and suppliers are very excited about supporting our growth plans and it has been a pleasure meeting long time suppliers as well as new ones seeking our business," said Mr. Sparrow. "We are a very strong business financially, and vendors are anxious to do business with us to take advantage of the strong growth in the area," he added.

McKenzie Building Center is planning a GRAND RE-OPENING in late July with many special items and great fanfare, so watch for the advertising announcements. In addition, this exciting GRAND RE-OPENING will feature the opportunity for customers to enter a "guess how many jelly beans in the jar" contest to win a NEW HOME for \$100 and a new RV for \$10 for our customers!

The company is evaluating several possible add-on acquisitions in North Dakota, South Dakota and Montana and plans to add at least one additional acquisition this year as

part of its growth plan to reach \$100 million in revenues.

"It's been great working with First International Bank and Trust in Watford City, who helped put this package together, and the community and customer response has been phenomenal," added Eric Sparrow, CEO.

"We are very interested in adding new personnel to our business on both a full time and part time basis, and we offer some of the best compensation packages, including housing for employees," added Wendy Sherwood, Vice President, who is seeking to recruit accounting staff, sales personnel and lumber yard customer service personnel as well as experienced service people to service their extensive appliance installation and service work, and part time office and accounting personnel as well.

"Many people do not want to work full time due to home obligations or just wanting to supplement their income, and we offer flexible working hours daily or weekends in all departments including the expanding retail sales department, contractor sales and outside sales as well," said Ms. Sherwood.

The McKenzie Building Center is located on Hwy 23, 1504 4th Ave., NE in Watford City North Dakota. Their web site is www.mckenziebuildingcenter.com. Their phone number is 1-701-444-3665.

Counterfeit Bills Appear in Sidney

On May 25, the Sidney Chamber of Commerce provided information that a local business received a \$50 counterfeit bill. They recently received information from a local bank that a \$100 US bill was turned in for deposit from the same local business that was confirmed to have a counterfeit bill. The counterfeit is a little smaller than a regular bill and has no security strip. The color is the same as an authentic bill, but it has no texture. If tested with a counterfeit pen, it shows black instead of the usual yellow. The chamber advises businesses to pay special attention to larger denomination bills to make sure that they are authentic currency. If you do come across a questionable bill, please retain the bill and notify law enforcement immediately. If the person or persons passing the bill refuse to stay until law enforcement arrives, please try to get a good physical description and description of any vehicles.

If you have any questions, please contact the Sidney Police department at 406-433-2210 and ask for Major Burnison.

History Alive! Features James A. Fisk At Fort Buford State Historic Site

Wagon Train Captain James A. Fisk will appear at Fort Buford State Historic Site near Williston on June 16 and 17, 2012. Performances will be at 1 and 4 p.m. (CT). Portrayed by Arch Ellwein as part of the popular History Alive! program, James A. Fisk

will discuss his life as a wagon train captain in the 1860s.

The free History Alive! performances are part of the summer programs sponsored by the state's history agency, the State Historical Society of North Dakota.

Captain James A. Fisk, was commissioned a Union Army officer, but led no command and was rarely at a military post. He led wagon trains of emigrants and gold seekers from Minnesota to what he deemed the promise land in Montana.

Arch Ellwein is an advertising consultant and

Williston-Sidney area actor and children's theater director. Since 1996, he has been bringing historical figures to life for audiences in nine western states, including President Theodore Roosevelt and, more recently, Yellowstone Vic Smith, a buffalo hunter, frontier scout, and hunting guide for Dakota Territory entrepreneur, the Marquis de Mores, and Grant Marsh, probably best known as the Missouri River steamboat captain of the Far West, which brought back the wounded after the Battle of the Little Bighorn in June 1876.

Hamburgers In The Park To Benefit Relay For Life

Two Fairview Relay for Life teams, the Sharpshooters and the Love Birds, have joined forces this year to host the popular annual summertime event Hamburgers in the Park. Hamburgers in the Park will run every Friday night at Sharbono Park, Fairview, starting on June 15 and culminating on July 20, in conjunction with the Old Timers' Festival.

People can purchase hamburgers or hotdogs, with

chips and a drink between 5 p.m. and 7 p.m. (MDT). All proceeds will go to the MonDak Relay for Life, which in turn gives the money to the American Cancer Society.

Team member Kim Syth urges people to participate in the Hamburgers in the Park weekly event. "The Svarre pool is right there in Sharbono Park, so come eat and let the kids swim," she says. "This is a good way for families and friends to get

together and visit, and at the same time help this community effort."

Hamburgers in the Park will run from 5-7 each Friday from June 15 until July 20 at Sharbono Park in Fairview. Hamburger, chips, and a drink cost \$6; hotdog, chips, and a drink cost \$5.

Williston Farmer's Market Starts Mid-July

The Williston Downtown Association is spearheading a Farmer's Market to take place on Saturdays from 10 a.m. to 2 p.m. in the parking lot behind American State Bank, downtown Williston, beginning mid-July. They are currently looking for vendors to sell garden produce, craft items, baked goods, any item the public would be interested in purchasing. Please contact Thomas Farrenkopf at 701-570-0294 or willistondfm@gmail.com if you would like to participate.

Open Range In Concert At MHC

The MonDak Heritage Center invites the public to our FREE music series "Music at the MonDak," Saturday night, June 16th at 7 pm, with a performance by the fabulous duo Open Range. Open Range is a Montana western and old time country band that has performed together for many years and won awards from the Western Music Association. They weave a musical blend of tight vocal harmonies and outstanding acoustic instrumentation. They perform music from the old western standards, to swing tunes of the 1940s, to western music being written today, including their own original compositions.

Open Range

The band is composed of Linda Hausler and Ric Steinke. You can preview their music at their website: <http://www.steinkehausler.com/>. Doors will open at 6:30 pm. The evening's music is sponsored by the membership of the MonDak Heritage Center.

Cremation will follow the services under the direction of Fulkerson Funeral Home of Sidney. Remembrances and condolences may be shared with the family at www.fulkersons.com.

Carmin died on Friday, June 8, 2012, in Sidney, MT.

Blast 2012 Coming Soon!

The 2012 Blast event is just around the corner! The event will be held in beautiful downtown Williston on June 29th. The day will begin with the KEYZ 66 cent breakfast followed by sidewalk sales and craft vendors until 4pm. Children can come out and enjoy a great time with a petting zoo, inflatable bouncy houses, Penny Pals entertainment, face painting, train rides, and more! Area dance groups and taekwondo groups will be performing on the center stage from 12pm-3pm with many food vendor options for lunch. Ribfest teams will be cooking all day with judging and public tasting taking place at 4pm. New this year, the Battle of the Bands will be kicking off at 5pm and the street dance, featuring Fully Loaded, will begin at 9pm. All of these events are open to the public and everyone is encouraged to attend! Your business or organization has the opportunity to be a part of the event in many ways! Ribfest Do you love grilling for friends or family? Or maybe you have a restaurant with fabulous BBQ. Consider signing up for the 4th Annual Rockin' Ribfest. Prizes awarded to 1st, 2nd, and 3rd place winners.

Fairview Garage Sale Saturday

The Annual Fairview Community Garage Sale will be held this Saturday, June 16. Over twenty sales will be held in the Fairview community, selling everything from kids' toys and clothing to saddles. Lists will be available by Friday morning at Loaf 'n Jug, Super Valu and Merchant's Bank.

Letter To The Editor

Just read the great article by Jerry Kessler about the Knights of Columbus' work at raising funds for our ultrasound. I'd like to submit a correction, and that is that the excess funds will not be used for general operating expenses, but will be set aside for the ultrasound machine. The funds will go towards any needed preventative maintenance checks, possible repairs, or replacement of the machine many years from now. Since the funds were originally donated for an ultrasound machine, we will set that money aside for that use.

Thank you again for a wonderful article!
Blessings,
Shelee Warner

Next Summer 'E-rase Your E-waste' Event Is June 21st

The second summer "E-raise your E-waste" collection event is coming up Thursday, June 21st from 3-7 pm at the Richland County Shop in Sidney. The event is FREE and is the second of four planned for the summer months as part of the 2012 E-raise your E-waste campaign.

The E-raise your E-waste committee has set aside the third Thursday of every month (May through August) to do a collection, according to organizers. The dates for the remaining summer month collections include June 21st, July 19th and August 16th.

Collection times are from 3:00 pm to 7:00 pm at the county repair shop at 2140 W. Holly in Sidney, next to the Fairgrounds. Signs will be posted.

UNICOR will again serve as e-cycler for all the collections, and all acceptable items can be recycled for FREE, according to Jackie Couture and Butch Renders, E-raise your E-waste Committee members helping to organize the events. More information on acceptable items is available at www.ars.usda.gov/nparl/ewaste.

Volunteers will be available to help with loading and unloading, however, businesses, schools and other organizations with large amounts of e-waste to recycle are asked to make an appointment to drop off their items by calling Jackie Couture at 406-433-9422. Please leave a message.

Where possible larger recyclers are also encouraged to palletize their own items, or send extra staff to help get it done at the summer events. Details on acceptable items and how to palletize them can be found in a handout posted to the USDA-ARS Northern Plains

Towers of TVs and computer monitors collected at the Sidney e-waste recycling event held on May 17th.

Agricultural Research Lab's e-waste website at www.ars.usda.gov/nparl/ewaste. In addition, a handy "Items List" recycling form is also available at the website to further speed processing time for participants bringing both large and small amounts, Couture noted.

The E-raise your E-waste effort in Sidney is coordinated by members of the Richland County Local Emergency Planning Committee (LEPC), Richland Opportunities Inc., and volunteers with other community organizations including the RSVP program. Several local businesses including

Sidney Health Center, Lower Yellowstone REA and Sidney Sugars as well as the city and county have also provided financial support in the past as well as packaging, packing and promotional support. Already the MT Department of Environmental Quality has committed funds for advertising the weekend event again this year.

30th Annual Fort Union Rendezvous

This year's Fort Union Rendezvous will take place June 14th through the 17th. Headlining the rendezvous will be Mr. Mark A. Baker. Since 1986, Mr. Baker a recognized expert in 18th century frontier culture, living history, experimental archeology, and living in the woods in the manner of a colonial backwoodsman.

Along with Mr. Baker we will have a special presenter, Mr. Levi Horn member of the Minnesota Vikings football team and an enrolled member of the Northern Cheyenne. Mr. Horn will speak on Saturday morning June 16th, following the Fort Union Ren-

dezvous Run. Levi Horn is one of the few Native Americans to play professional sports.

The Rendezvous will feature about a dozen traders along Trader's Row extending out the north gate of the reconstructed post. The traders will feature their usual array of furs and handcrafted items for sale. A number of re-enactors will demonstrate a variety of 19th century fur trade skills including blacksmithing, beaver skinning, brain tanning, bow making, and flint knapping.

The 21st annual Rendezvous Run will take place Saturday morning at 9:00 (CDT). The event is spon-

sored by the American State Bank and will include 11K and 5K runs, a 5K walk and a "one-mile" fur trader's run/walk.

Come and spend the day at Rendezvous. Admission is FREE. A concession will provide food and drink for sale on site.

Rendezvous hours are from 8:00 am to 8:00 pm CDT daily at Fort Union. Fort Union Trading Post is located 24 miles north of Sidney, Montana and 25 miles southwest of Williston, North Dakota, via highway 1804. While here, visitors are encouraged to tour the reconstructed fort, trade room and bourgeois house.

2012 Foundation For Community Care Scholars Announced

The Foundation for Community Care is pleased to announce the winners of its 2012 Healthcare Scholarships. The scholarship program was established to provide Richland County and rural northeastern Montana with a continuing source of highly qualified healthcare personnel.

"The Foundation for Community Care's mission is helping to ensure the continuance and quality of local healthcare services. Supporting dedicated students in their studies towards a healthcare degree is a way for the Foundation to give back to the community," said Foundation for Community Care Executive Director, Staci Miller. "Our scholarship program is funded entirely by donations from the community. That support has allowed us to grant over \$38,000 to qualified students since 2001."

Sidney Health Center also contributes funds to the Foundation for Community Care's healthcare scholarship program on an annual basis that is designated for employees or family members of employees. "As a healthcare organization, we must continue to support and encourage local people to

pursue healthcare careers," said Rick Haraldson, CEO of Sidney Health Center. "After all, our long-term goal is to provide quality care for generations to come," Haraldson added. To donate to the Foundation for Community Care's Healthcare Scholarship Fund, contact the staff at (406) 488-2273 or send your contribution to 221 2nd St. NW, Sidney, MT 59270. Memorial gifts may also be given to the Healthcare Scholarship Fund. For more information please go to www.foundationforcommunitycare.org.

2012 Foundation for Community Care Scholarship Recipients:

McKenzie Ann Carda

McKenzie graduated from Sidney High School in 2011 and is currently attending University of North Dakota studying Psychology/Pre-Med.

Jenna Donahue

Jenna is a 2002 graduate of Sidney High School and is currently attending Miles Community College pursuing a profession as a Registered Nurse.

MaKenzie Johnson

MaKenzie graduated from Lambert High School in 2009 and is currently attending Carroll College studying to be a Pediatrician.

Renee Riedmann

Renee graduated from Sidney High School in 2011 and is currently attending Bismarck State College for Nursing.

Stephanie Ler

Stephanie is a 2006 graduate from Mt Hope High School, Bristol, RI now residing in Sidney, MT. She is attending Nova Southeastern University studying to be a Public Health Professional.

Allison Peterson

Allison graduated Sidney High School in 2004 and is currently attending Belmont University studying to be a Nurse Practitioner.

Michelle Frank

Michelle is a 1993 graduate of Fairview High School and is currently attending University of Mary pursuing a Master's degree to be a Family Nurse Practitioner.

Weed Herbicide Resistance Talks Planned At Froid, Sidney ARS Field Days

The Northern Plains Agricultural Research Service is helping host two dryland field days highlighting research being conducted at farmsites near Froid and Sidney on Thursday and Friday, June 28th and 29th. This year's lineup for the two tours includes several shared speakers, demonstration studies and other festivities, so if you have to miss one event, you can still catch much of the information at the other.

(NRCS) Plant Materials Center in Bridger, MT. They will discuss the role of the Bridger Plant Materials Center in developing new plant solutions for the diverse ecosystems of Montana and Wyoming, including propagating threatened species and culturally significant plants, and reclaiming disturbed areas from mining, wildfire, and road construction. The Bridger facility is also working with Sidney and Miles City ARS researchers and others on a long-term study looking at the most effective Russian olive removal methods and prospects for revegetation. ARS scientists will also be discussing that research effort at both the Froid and Sidney Field Days.

website at <http://agr.mt.gov/agr/Programs/Pesticides/Environmental/ContainerRecycling/index.html>, or by calling or emailing Carli Lofing, at (406) 444-9615 or clofing@mt.gov. Other shared topics include: cover crop demonstration studies by both ARS and NRCS presenters, along with information on new oilseed crops, wheat stem sawfly management, and forage and soft white winter wheat trials. In addition, a representative from the new State Grain Lab in Plentywood, will be on hand to chat with tour participants and answer questions. Both events also include a presentation by Richland County Extension Agent Tim Fine on new Milestone herbicide label changes.

Sheridan and Roosevelt County Extension offices, and the USDA-ARS Northern Plains Agricultural Research Laboratory in Sidney. The fourth annual Sidney "Dryland" Field Tour will be held Friday, June 29th, from 9 am to 12:30 pm at ARS' Research Farm located about 4 miles north of Sidney along MT Highway 16. Take a left on County Rd. 129 and another left on County Rd. 346 to reach the farmsite. The event is sponsored by Richland County Extension and the USDA-ARS Research Lab in Sidney and concludes with a free lunch provided by MSU Extension.

Field Day Talks:
 Headlining both events is North Dakota State University Professor Jeff Stachler, who will discuss herbicide resistance in weeds. Although Dr. Stachler's primary research area is weed control in sugarbeets – and in particular management of problematic weeds in Roundup Ready sugarbeet - his expertise carries over into other crops as well and includes research in confirmation, scouting and management of herbicide resistant weeds.

Also available at both events is the Montana Dept. of Agriculture's new Pesticide Container Recycling Truck. Technician Ron Ahlgren will be demonstrating the process at both Froid and Sidney, and producers are encouraged to bring in their CLEANED pesticide containers for recycling. Proper cleaning instructions are available at MDA's

Pesticide points are pending for both events and meals are provided (supper at Froid and lunch at Sidney). Everyone welcome!
 Field Day Times and Locations:

For more information on either of these events, contact Beth Redlin at 406-433-9427.

Open House For Nutter/Herrick

After nearly thirty-six years of service to the Peoples' Congregational Church and to other churches that required her services as substitute organist, Ginny Nutter/Herrick will retire from her position as church organist.

Nutter/Herrick has greatly enjoyed her tenure as organist with the Peoples' Congregational Church. She began there as a substitute organist but the position evolved to full time. "I love it," she says of her work. "It keeps my faith current because it makes me go to church every Sunday, it keeps me in practice with the organ and it keeps my skills up to date. Playing the organ is a skill, and like any other skill, if you don't use it, you lose it."

Her work provided a much needed service to the community, as duties included not only playing the organ at Sunday church services, but also included playing for weddings, funerals, and at other churches as a substitute organist. "It's been a pleasure to fill this niche," Nutter/Herrick remarks. "Organists are few and far between, so it was good to be able to provide this service to families at weddings and funerals, and to substitute for other church organists."

She continues, "I appreciate the close cooperation among the Sidney churches and that as organist I've played at most of the churches in the community when needed. I also appreciate working with as many ministers in town as I have."

Nutter/Herrick will move to Billings with her husband for retirement. "It's been a wonderful journey here in Sidney but it is time to continue this journey and try something new," she con-

cludes. "We're moving to Billings as we feel it will be a good fit for us."

The Peoples' Congregational Church will host an

open house for Nutter/Herrick on Sunday from noon - 1:30 p.m., June 17 at the church. All friends and well-wishers are invited to attend.

Medora Car Show

The 35th and possibly last Medora Car Show will be held June 23, 2012, in Medora, ND. Exhibition for the public is Saturday, June 23, from 10 to 3:30. Anyone wishing to show a vehicle in any of the 20 different classes through 1987 (including customs) and a modern collectible class (1988-2012) should call 701-225-8851 or 701-225-8149, or register on the show grounds by the Badlands Motel June 23.

The first-place winners from the 2011 Medora Show will be on display in the Medora Community Building along with a special center exhibit, a 1932 Packard Dietrich Convertible, a Pebble Beach first-place winner.

The Medora Car Show is sponsored by the Dakota Western Auto Club of Dickinson, ND.

Major motel construction is being considered for the show grounds, so the car show could end this year. One or two more shows might be possible, but this is the year to attend.

Fashion and Quilt Revue

Richland County 4-H members held their annual Fashion and Quilt Revue on Monday, June 4 at Crestwood. Quilters of all experience levels displayed their handiwork, and sewers modeled their one-of-a-kind outfits that included everything from pajamas to dresses. Rachel Prevost won first place for her fashion outfit, and Kallie Candee placed first for her beautiful quilt.

Thank You...

Dear Family, Friends and Constituents, Thank you for all of the support during my campaign. I truly appreciate the help and contributions. I will continue to work hard for our community.

Sincerely,
Tami Christensen

Fall Turkey Season Set, Apply Online

North Dakota's fall turkey season is set with 4,145 licenses available to hunters, a decrease of 10 percent from last year.

Stan Kohn, upland game management supervisor for the state Game and Fish Department, said harvest and population data from hunting units in the southwest and in some units in the central part of the state indicate poor production and chick recruitment from 2008-2011.

"Even though last winter was beneficial to our turkey population, we don't know what turkey production will be like, and the number of breeding adult birds is lower than in past years," Kohn said. "If turkey production is exceptionally good this spring, an additional 1,300 licenses may be used early this fall in specific hunting units."

An experimental hunting season will continue for the USDA-ARS Northern Great Plains Research Lab in Mandan. A maximum of 30 licenses will be available. These licenses will be available at the Game and Fish Department once a person first obtains a permit from USDA-ARS.

An experimental turkey bow hunting season will continue within the city of Bismarck to help control a growing population of birds in residential areas. A maximum of 25

licenses will be distributed on a first-come, first-served basis to individuals who are licensed to bow hunt deer within the city. These licenses will be available at the Game and Fish Department in Bismarck once a person has a valid city archery permit.

Hunting units 21 (Hettinger and Adams counties) and 53 (Divide and Williams counties) will remain closed to fall turkey hunting in 2012 because of low turkey numbers.

The fall wild turkey season extends from Oct. 13 through Jan. 13, 2013.

Prospective hunters, including gratis applicants, can apply online, or print out an application to mail, at the state Game and Fish Department's website, gf.nd.gov. Paper applications will be available in mid-June from Game and Fish Department offices, county auditors and license vendors.

Applications are also accepted at the department's toll-free licensing line, (800) 406-6409. A service fee is added for license applications made over the phone.

Applications for the fall season must be postmarked no later than July 5. Only North Dakota residents are eligible to apply in the first lottery. Nonresidents can apply for fall turkey licenses that are still available following the first lottery.

Off-Highway Vehicle (OHV) Program Grant Funding Available

Apply by Wednesday, August 1st

Montana State Parks (stateparks.mt.gov) is encouraging qualifying agencies, clubs and organizations to apply for the Off-Highway Vehicle Program (OHV) FY13 grant cycle funding. Applications must be received by Wednesday, August 1.

OHV grant applicants can include associations, organizations and clubs and federal, state, county or municipal agencies.

The OHV Grant Program eligible projects include; maintenance of existing OHV trails, signing, ethics education, noxious weed control adjacent to trails, enforcement, route mapping, and more.

To apply visit: <http://fwp.mt.gov/recreation/grants/ohv/>

Montana State Parks administers the OHV program with funds appropriated by the state legislature. The program relies on partnerships between private clubs and public land managing agencies. The OHV Advisory Committee, comprised of OHV users and land managers, advises Montana State Parks on the expenditure of grant funds and trail issues.

In FY12, 10 projects were funded with \$151,000 total in grant funding.

An OHV is a self-propelled vehicle used on public lands, trails, easements, lakes, rivers or streams and generally includes off-highway motorcycles, ATVs (quadricycles), air cushion vehicles, amphibious vehicles, and dune buggies. 4X4 trucks licensed for road use and vessels registered as boats are not OHVs.

OHV Program funding comes from 1/8 of 1% of the Distributor's Gasoline License Tax, registration decal fees, dealer registration, and nonresident permit fees.

Montana's OHV program has four components: the OHV Grant Program, enforcement of OHV laws, Safety Education, and Information/Ethics Education Program.

For additional information, contact Rusty Ruchert, OHV Program Manager at (406) 444-7642 or email ruchert@mt.gov.

Boats Need Proper Registration

Boat owners are reminded to display a blue and white validation sticker with an expiration year of "13" on their watercraft.

The current three-year registration cycle runs through Dec. 31, 2013. All boat registrations with an orange decal expired Dec. 31, 2010.

For information on how to attach the number and validation sticker to a boat, refer to page 10 of the 2011-13 North Dakota Boat and Water Safety Guide.

Boat registrations can be renewed online at the department's website, gf.nd.gov, by accessing the online services link, and "watercraft registration and renewals" under the watercraft heading.

Boat owners who need a renewal notice should contact the North Dakota Game and Fish Department by email at ndgf@nd.gov, or call (701) 328-6335.

Also, anyone buying a new or used watercraft can register online and generate a 10-day temporary permit that is valid until the registration is processed.

Foundation For Community Care Awards \$229,543.74

Community Support Benefits Local Healthcare

The Foundation for Community Care, a non-profit, Richland County organization focused on ensuring the continuance and quality of local healthcare services in northeastern Montana, announces its 2012 Endowment Grants.

In 1983, the Foundation for Community Care was organized to prepare for the future of healthcare in Richland County and surrounding areas. While rural hospitals across the nation were closing their doors, local residents felt fortunate to have excellent quality healthcare services and wanted to help keep it that way. An endowment fund was established, and each year, a portion of the earnings from the endowment fund are distributed for local healthcare needs.

"The Foundation for Community Care works to ensure the continuance and quality of local healthcare services. It is encouraging and rewarding to be able to give back to the community in such a way that positively impacts every generation," Staci Miller, Foundation Executive Director. "Because of the generosity of our donors, this year we are excited to award more than \$229,000 in grants to healthcare and medical projects in the area," Miller added.

The 2012 Foundation Endowment Grants were awarded with the intent of enhancing the medical and healthcare services in the region. The funds will purchase new medical equipment, provide educational materials and support efforts to improve overall community wellness. Area projects funded this year include:

Assembly of God

HeartStart Defibrillator: As a designated Red Cross shelter, centrally located on East Main and a facility with a gym that is used by many outside groups, this defibril-

lator will be accessible to all using the facility as well as the surrounding properties. \$1,872.00

Sunrise Pregnancy Resource Center

TV and DVD player: This TV and DVD player to be located in the Client Meeting room will be used to display topical material to new and returning clients as well as educational materials. \$430

Sunrise Manor Assisted Living

Generator: A generator system to provide electricity in case of a power outage for residents with oxygen needs and to eliminate variation in the temperature of residents' homes. \$5,000

Richland Opportunities, Inc. (ROI)

ADA Compliant toilets: Toilets in the Jensen Activity Center will be updated to be ADA (Americans with Disability Act) compliant toilets and environmentally friendly \$700

Sidney Public Schools

Sensory Equipment: Sensory equipment to assist students with Autism Spectrum Disorder. \$5,054.74

Svarre Municipal Pool

ADA compliant lift: A permanent ADA (Americans with Disability Act) compliant lift will allow individuals access to the swimming pool without assistance. \$3,900

Richland County Health Department

Vision Screening Machine: All students in Richland County will benefit from the annual vision screening service. \$2,500

Richland County Ambulance

Power-PRO Loading Cot System: Battery-powered hydraulic lift system supports the cot and patient during loading and unloading ensuring patient and EMS safety. \$17,841

HealthWorks

Worksite Wellness Program: A web-based internet program offering access to wellness profiles, medical ready assessments, self-tracking logs, biometric assessments, incentives, coaching tools, exercise programming, and fitness testing. Over 500 employees at Richland County, Sidney Health Center and HealthWorks will benefit initially. The program will be rolled out to other employers after the first year. \$6,325

HealthWorks

Youth in Action program and expansion of equipment: Expansion equipment for the small-group and large-group training as well as a comprehensive youth physical activity program that ties youth recreational opportunities to the school system and organizations such as the Boys and Girls Club and HealthWorks, to provide structured and consistent programming for youth of all ages. \$23,000

To: Sidney Health Center

NuStep Recumbent Exercise Trainer: Provides therapists with a tool that al-

lows range of motion, strength, endurance and cardiovascular training. \$3,595

Light Microscope:

Gives a microscopic review of an urinalysis test giving the physician knowledge of what type of cells, casts, crystals and bacteria are present in the sample \$3,756.00

Software upgrade for nuclear H09 lab computer: Upgrade allows the H09 Laboratory computer to utilize Windows format. \$12,000.00

BioZ DX Diagnostic System:

The diagnostic system uses advanced impedance cardiography (placing patches on the patient versus the insertion of a catheter into the heart) allowing the physician to obtain hemodynamic parameters quickly and without risk. Hemodynamic parameters are important when dealing with myocardial infarctions, heart failure, sepsis and any type of situations where blood pressure is an issue. \$23,000

Update Childbirth education materials:

Materials to keep new parents current

about the labor and delivery process. \$1,000

Pyxis Automated Medication Dispenser, Pharmacy: Provides automated medication dispensing, increasing patient medication safety. \$119,570

To make a tax-deductible donation to the Foundation's Endowment Fund, contact the staff at (406) 488-2273 or send your contribution to 221 2nd St. NW, Sidney, MT 59270. Memo-

rial gifts may also be given to the Endowment Fund. For more information please see www.foundationforcommunitycare.org.

A Little Bit Country

4-H Animal Projects Grow Adults

Warren Froelich

NDSU Extension Agent, Williams County

North Dakota county fair season is about to get its jump start. For some reason several counties in the northwest are usually the first to have their fairs. Williams County is one of those.

The fair in Williams County is actually known as the Upper Missouri Valley Fair (UMVF). I can only assume that its early founders speculated the UMV Fair could involve people beyond the boundaries of Williams County. To some extent, that has become a reality as several of the events involve youth from many other counties. Take for example the Western Star Heifer Classic and the North Dakota Junior Beef Expo. Both draw 4-H and FFA members from across North Dakota and eastern Montana. Then there is the Horse Show for which 4-H members in Richland, Roosevelt, Sheridan counties of Montana and Divide, Burke, Mountrail and McKenzie counties are invited to participate.

Despite different lifestyles, new communication technologies, and all the other changes which have occurred over the past 50-75 years, county fairs still excite youth, especially those with animals. Projects like cattle, horses, sheep, swine and even the smaller animals such as rabbits and poultry all require active adult involvement. With animal projects, parents and other adults play a vital support role.

This base of constant adult involvement reminds youth of their responsibility for the absolute necessity of daily feeding and the long term commitment which must be made when the project is selected.

I think kids with animal projects have a greater opportunity to connect with real life. Animals are living organisms which are given birth and death. Frequently, 4-H and FFA members learn the fragility of life. Some are able to watch the birth of a new project and sometimes death of a bloated

steer. Over their 10 year membership in these youth organizations, they will develop a pretty good understanding about the birds and the bees without a visit behind the barn with mom and dad.

During my career as a county extension agent I have seen many, many youth graduate from active involvement with 4-H and FFA animal projects. Although there is no common path for their adult lives, most have a sense of personal pride about what they learned and accomplished through their experiences. And about all take the self-discipline learned with their animal projects into successful adult lives.

To see this for yourself I invite you to attend the Upper Missouri Valley Fair on Wednesday, June 20th at 5 PM when the beef, sheep and swine members will put their projects on public display. All eligible blue and red ribbon animals will be offered for sale the following day, Thursday, June 21st at 5 PM.

Tree of the Week

This week I am going to make a daring decision by writing about Russian Olive. Some folks think this tree should be put on the State's noxious weed list because it is found growing on many sites where trees are not wanted. However, Russian Olive has some features that make it worthy of consideration on some sites.

Let's start with its strong resistance to drought, toleration to a wide range in soil pH and adaptation to a wide variety of soils. Some people may argue that Russian Olive is more of a large shrub than a tree. This may be true in plantings left to grow wildly but it can be trained to look like a tree with some pruning.

For those of us who wish our trees would retain leaves longer into the fall, then Russian Olive warrants consideration. The silvery leaves remain attached very late into the fall. Most Russian Olive trees are found in field shelterbelts.

However, I can site several growing very well in landscapes. The silver leaf color makes for a nice color accent.

Russian Olive is an excellent tree for wildlife. The fruits can be used for food either fresh or processed as soup seasoning, jellies or sherberts. I have no experience with using the fruits as food but my forestry advisors say the fruits are best after a frost.

When grown in the wild or field shelterbelts, the thorns provide wildlife protection from predators.

Please understand I have not fallen from a bar stool, however, a few Russian Olives growing in landscapes will add some color diversity in a community. Yes, I do have one growing in our backyard.

Local Students Make MSU-B Dean's List

The following Montana State University Billings undergraduate students excelled academically during the 2012 spring semester and have been named to the Dean's List.

The Dean's List is an honor roll of undergraduate students who earn 12 or more credits which are not of a Pass/No Pass nature and who earn a grade point average of 3.50 or better.

Priest Appreciation Day

Court Mother Cabrini #1766 gathered with Fr. Ned Shinnick sharing a meal and celebration for Priest Appreciation Day. Unfortunately Fr. Jim O'Neill was called out of town. Pictured are (l-r) Kathy Bidegaray Irigoin, Fr. Ned Shinnick, Colleen Haralson, Cristina Molloy, Kelly Ihde, Jackie Washechek and Deb Mayers-Rassier.

Public Comments Being Accepted On Final Pipeline Safety Review Council Report

The Montana Oil Pipeline Safety Review Council is accepting public comments on its final report, which is scheduled to be presented to Governor Brian Schweitzer on July 18, 2012.

The report is the culmination of the work of the Oil Pipeline Safety Review Council, created by the Governor in the wake of the ExxonMobil Silvertip oil spill in July 2011. The purpose of the Council was to review all available information for each pipeline river crossing in Montana to assess the risk of ruptures and leaks. The Governor asked the Council to evaluate the regulatory framework for pipelines and to identify any regulatory gaps that might exist. The Council was also asked to make recommendations to prevent future failures.

The report describes a new, interactive Montana Pipeline Safety Map created through a cooperative agreement with the federal Pipeline and Hazardous Materials Safety Administration (PHMSA) and with the assistance of pipeline operators. The map contains numerous layers of information including aerial photos, topographic maps, property boundaries and ownership, as well as locations of environmental interest like monitoring stations and wells.

The report also contains six recommendations designed to reduce the chances of future pipeline breaks that could spill products into Montana's waterways. It is available on the Department of Environmental Quality (DEQ) website at

www.deq.mt.gov. Comments on the report will be accepted until Wednesday June 27, 2012. Comments should be submitted to Bonnie Lovelace, DEQ Regulatory Affairs Manager, PO Box 200901, Helena, MT 59620. Comments can also be emailed to blovelace2@mt.gov. For more information contact Ms. Lovelace at 406-444-1760.

The final meeting of the Council will be on Wednesday, July 18, 2012 from 1:00 - 3:00 PM in Room 152 of the State Capitol. The members of the Oil Pipeline Safety Review Council are the Directors of the Montana Department of Transportation, the Montana Department of Natural Resources and Conservation, and the Montana Department of Environmental Quality.

Apprentice or Journeyman Line Worker
McKenzie Electric Cooperative, Inc., Watford City
McKenzie Electric Cooperative, Inc. is accepting applications for the position of Apprentice or Journeyman Line Worker. MEC has offices in Watford City and Killdeer, North Dakota and there are openings in both locations. The successful applicant will perform all necessary tasks in the construction and operation of overhead and underground lines. This position requires manual labor such as climbing poles, shoveling, digging trenches, tamping, backfilling and lifting.
Educational requirements are: high school graduate or equivalent; prefer certification of completion from a Line Worker Training facility. Must possess or be able to obtain a valid North Dakota commercial driver's license. All offers of employment are contingent on passing a physical and drug screening.
Application form can be located at
www.mckenzieelectric.com.
A resume and completed application form can be submitted to **McKenzie Electric Cooperative, Inc., Attn: Tim Melby, PO Box 649, Watford City, ND 58854.**
Application deadline is July 1, 2012.

Sidney Wrestling Camps To Be Held June 18-23

To prepare for the national duals, wrestlers from Sidney and throughout the state will be attending three wrestling camps at Sidney High School. The Little Guy Camp will be June 18-20, the Intensive Camp for the national duals June 20-25 and the Technique Camp June 21-23.

Live duals will be held June 23 at 6 p.m. for Montana Florida team, Sidney Florida team and camp team. Contact Guy Melby or go to Roundupweb.com for a printable brochure.

Well-known coaches and wrestlers will help train at the Sidney camps. They include Dickinson State University Assistant Coach Tyson Springer, University of Minnesota Assistant Coach, NCAA All-American & University of Minnesota Assistant Coach Brandon Eggum, NCAA All-American & Senior at Minnesota State Zach Sanders, NCAA All-American & Senior at Minnesota State Sonny Yohn, Sidney Head Coach Guy Melby and Sidney High School assistant coaches Tim Stubstad, Ty Graves and Shane Gorder.

OBITUARIES

Anna Marie Kukus, 72, Sidney, MT

Private services for Anna Marie Kukus will be held at her request. A gathering of her friends will be held on Friday, June 15, 2012 starting at 5:30 p.m. at the Sidney Elks Lodge. Cremation has taken place under the direction of Fulkerson Funeral Home of Sidney. Remembrances and condolences may be shared with the family at fulkersons.com.

Anna died on Sunday evening, June 10, 2012 at her home in Sidney.

Correction

In the story titled "Anderson Vermeer Moves Back To The Ranch" in the June 6 issue of the Roundup, it should have read:

In 1997 the dealership was awarded the coveted "Vermeer Masters" Award from Vermeer Manufacturing Co. The award is presented to Vermeer dealers who either reach or exceed specific sales, service and dealership management criteria established by the manufacturer. They have received the award every year since 1997.

We apologize for any inconvenience this might have caused.
