## Ribfest 2016 This Friday in Watford City

## Aug. 31 Will Be Dr. Edward Pierce's Last Day Of Practice At SHC After 29 Years At The Hospital

Pierce looks forward to retirement and plans to spend more time hunting, golfing, and traveling.

By Meagan Dotson

After 29 years of doctoring in Sidney, Dr. Edward Pierce is readying himself for retirement. Pierce, who graduated in 1968 from Andrews University in Michigan, and completed medical school at Loma Linda University in California, began his career with a residency at Charles F. Kettering Memorial Hospital in Kettering, Ohio. He spent the following 12 years in private practice with a group of doctors at the Metropolitan Medical Center in Minneapolis, MN.

It was in August of 1987 that Pierce was recruited to the Sidney hospital; initially, he had planned on doctoring in Williston, ND, however an opportunity to move to Sidney and begin a private practice without partners presented itself.

"Here I was able have an independent business, which I ran for 25 years," Pierce said, adding that he has been a hospital employee for the last 5 years. "I've enjoyed working in a small community. Many patients are looking for stability and the medical community in Sidney has been stable for a long time. Some of my patients I've been seeing for 29 years and I've seen different generations of the same families, as well."

He adds that in the last few years, many friends and hospital employees have been retiring and leaving the area. Pierce and his wife, Marie, will continue to live in Sidney and retirement will give him more time for hunting, fishing, golfing, and traveling.

"I've always enjoyed the recreation in this area, and while I enjoy practicing and will miss it, the changes implemented during the current Democratic Administration have slowed us down considerably. I used to be able to see 25 to 30 patients a day and now I can only see 18 to 20," he commented of the mandatory electronic medical records. "It takes a considerable amount of time to input the information and because of that, I need more employees, which increases the cost of operating the practice."

Pierce will continue to serve as a Trustee for the Montana Medical Association, representing physicians in Eastern Montana and working with state legislature; the twice-yearly meetings in Helena also give him an opportunity to take his grandkids out for pizza and visit with his son, who lives in the state capital.

The avid hunter received a side-by-side shotgun as a farewell gift from Sidney Health Center, and there will be cake and coffee in the hospital cafeteria at 3 p.m. on Tuesday, Aug. 30 for those who would like to stop by.

A retirement party will be held on Saturday, Aug. 27 from 5 p.m. until 8 p.m. at the Elks to celebrate the physician's years of service. Dr. Pierce's last day at Sidney Health Center will be Monday, Aug. 31.

MNAXLP

One of the biggest events in Western North Dakota takes place on Main Street Watford City. The Best of the West Ribfest, Street Fair and Classic Car show is set for August 12, 2016 and this year it will be bigger and better than ever!

The event kicks off with a fundraising breakfast for the local Boy Scouts, served on Main Street from 8-10 am. The Street Fair opens at 10 am with lunch being served at 11.

Teams will be cooking up ribs on the street all day and ribs will be sold and served to the public at 5 pm. This year, for the first time, the public has a chance to be the judge!

The Best of the West Ribfest Committee has announced the addition of an exciting new VIP Rib Judging Ticket for sale.

A \$100 VIP ticket makes you an official judge of Ribfest, giving you all access to taste test every rib entry and cast your vote as well as providing you the perks of VIP seating under the shade of the Sentry Crane and Services VIP tent from 4-8 PM. Beer and wine sponsored by Stonehome Brewery and Outlaws will be provided along with Coke products sponsored by Coca Cola of Williston. VIP ticket holders will also receive bottled water and a can koozie sponsored by RTC, a Ribfest mug and coupon for 50% off Ribfest merchandise and up front seating for "This Cowboy's Hat-Chris LeDoux Tribute Concert that evening.

"We're so excited to offer this very unique opportunity for our die-hard rib fans," said Jessie Scofield, Ribfest committee chair. "This is a fun addition to the event that will result in true 'people's choice' winners."

In addition to the great food, Ribfest features fun for the whole family with kids games, inflatables and live music fea-

turing Medora's Burning Hills Singers, Devin Wolf, Kristina and Stephan Dale, Lonesome Willy and a featured concert by "This Cowboy's Hat-Chris LeDoux Tribute Band."

"This tribute band will be a huge hit with the Ribfest crowd," said Scofield. "They put on a wonderful show, with lots of surprises, and have performed throughout the region to rave reviews. You're not going to want to miss it!"

The public will also enjoy the Classic Car Show and a few friendly rounds of Bingo during the day. There will be street vendors and several ping-pong drops that will offer special deals from Main Street businesses.

Ribfest contestants will also be competing with each other in fun games and contests throughout the day.

Ribs will be served until 9 PM or until they're gone. A \$1,000 prize sponsored by Barrett Pharmacy and Variety will be awarded for the team with the best ribs. Second place will receive \$500 and there will be a \$250 prize for booth showmanship.

The Best of the West Ribfest is limited to 20 teams. If you're interested in registering a team, sign up today as space is limited.

"Ribfest just gets bigger and better every year," said Janel Lee, committee member. "It's a great way to bring the community together and celebrate the best parts of summer--music, friends, and food!"

Teams, food and craft vendors and Classic Car Show participants may register online at [www.watfordcityribfest.net](http://www.watfordcityribfest.net).

# Nancy Carpenter Receives Promotion At Edward Jones

**Submitted by Enid Huotari**

Nancy Carpenter has been promoted to senior branch office administrator at a Sidney branch office of financial services firm Edward Jones. She has been with Edward Jones the past four years.

Enid Huotari, the local Edward Jones financial advisor, said Nancy is very deserving of the promotion.

“Nancy has demonstrated an outstanding ability to juggle the many complex tasks and responsibilities associated with helping run this office. I'm very pleased that her exceptional ability and dedication to the firm have been recognized and rewarded,” Huotari said.

To be named a senior branch office administrator, an individual must meet specific training requirements, demonstrate exceptional performance when completing office responsibilities, handle the complex tasks associated with running a high-volume office, and typically must have at least five years' experience with the firm.

“I am so pleased to receive this promotion,” Nancy said. “It's terrific to be rewarded for a job well done. Of course, it can be challenging at times, but it's always educational and I really enjoy my work.”

Edward Jones, a Fortune 500 company, provides financial services for individual investors in the United States and, through its affiliate, in Canada. Every aspect of the firm's business, from the types of investment options offered to the location of branch offices, is designed to cater to individual investors in the communities in which they live and work. The firm's 14,000-plus financial advisors work directly with nearly 7 million clients. Edward Jones, which ranked No. 10 on FORTUNE magazine's 100 Best Companies to Work For in 2016, is headquartered in St. Louis. The Edward Jones website is located at www.edwardjones.com, and its recruiting website is www.careers.edwardjones.com. Member SIPC.

# Young Ag Leadership Conference Sept. 30 - Oct. 2

**Submitted by Rebecca Colnar, AgNewsWire**

Mark your calendar! Montana's thirteenth annual Young Ag Leadership Conference (YALC) is set to take place September 30-October 2 at the Holiday Inn in Great Falls, MT. Young people involved and interested in agriculture, aged 18-40, are invited to attend this one-of-a-kind conference where leadership, personal development, education and networking take center stage.

This year's agenda boasts top-notch speakers, including the well-known advocate for agriculture, Dairy Carrie. There will be cutting-edge workshops, exciting entertainment and new this year, an Entrepreneur Spotlight of local businesses. YALC's action-packed program is put together specifically with young agriculturalists in mind by representatives from each of these organizations: Montana Agri-Business Association, Montana 4-H Foundation, Montana Wool Growers Association, Montana Grain Growers Association, Montana Farm Bureau Federation, Alpha Gamma Rho Alumni, Montana FFA Foundation, Montana State University College of Agriculture and the Montana Stock-growers Association.

Look for more conference details, including registration information, to be released shortly. For questions regarding the 2016 Young Ag Leadership Conference, contact Jesse Wallewein at (406) 450-3429 or mtwga@outlook.com, mailto:mtwga@outlook.com.

**By Meagan Dotson**

The Foundation for Community Care is excited to announce that Gem City Motors has donated a new 2016 Chevy Silverado valued at over \$47,000 as the prize for anyone who gets a hole-in-one on the 9th hole during the 23rd Annual Golf Scramble. Gem City was happy to sponsor the prize for the fundraising event. The golf scramble will be held Saturday, August 27th at the Sidney Country Club. The shotgun start is at 9:00am and golfers are encouraged to play for a good cause.

Another hole-in-one prize is the generous donation of \$10,000 cash sponsored by A2Z Construction. In fact, there is prize potential at every hole, as well as on the putting green where a mini-golf putt challenge will be set up. Located at one of the holes will be an air cannon that golfers can use for a donation, to give their ball some extra distance.

"The prizes are a way to get people excited about the tournament and things like the air cannon and mini golf keep it fun," said Community Engagement Coordinator Heather Cotter.

Grand prize winners will get a trip to Las Vegas and shopping spree at Top Golf. Other team prizes include golf gadget essential kits and gift cards to the Pop-up Pro-Shop which will be located on site the day of the tournament.

Registration is \$150.00 per person, with six people to a team. Both complete teams and individuals are invited to register online at [www.foundationforcommunitycare.org](http://www.foundationforcommunitycare.org), on the Foundation for Community Care's Facebook page, or by stopping in at 221 2nd St. NW in Sidney.

# North Dakota Properties Listed In National Register Of Historic Places

MNAXLP

**Submitted by State Historical Society  
of North Dakota**

A commercial building in Williston and a school in Grand Forks have been listed in the National Register of Historic Places. The National Register of Historic Places is the federal government's list of properties it considers worthy of preservation and recognition.

The Greaser Building on the corner of Main Street and Broadway in Williston has been nominated for its architecture. Built in 1916, this striking early commercial brick building has distinct cream and red brick bands running horizontally along both street sides. It also has pilasters separating bays and diagonal blond brick centered near the top of each bay. The

building's early long-time tenants were Creaser Drug, J.B. Lyon's Women's Wear Exterior, and the Colonial Shop.

St. Michael's Parochial School in Grand Forks was built in three sections as the needs of the school and of the local community changed. The original 1916 school was designed by William J. Edwards and built by the Dinnie Brothers, and the 1949 Youth Center and the 1953 addition that connected the Youth Center to the school were designed by Ursa Louis Freed. This school complex tells the story of parochial education and shows the transition from early 20th century school architecture to mid-century modernist architecture.

Contrary to some misconceptions

about the National Register program, listing in it does not prevent owners from altering their property, restrict the use or sale of the property, or require establishing times that the property must be open to the public. Entry into the National Register of Historic Places does give a property prestige, provides protection from adverse effects in federally assisted projects, and provides eligibility for certain preservation financial incentives.

For more information about the National Register program in North Dakota, contact Architectural Historian Lorna Meidinger, State Historical Society of North Dakota, at 701.328.2089 or find information online at [history.nd.gov/nationalregister](http://history.nd.gov/nationalregister).

# Veterinary Feed Directive Meeting Aug. 16; Rule Changes Expected Jan. 1

**By Tim Fine**

Chances are, if you are in the business of livestock production, whether it's on the nutrition side, livestock care side, or as a producer, you have heard of the changes that will be coming as a result of the Veterinary Feed Directive (VFD). I know that this may be somewhat difficult to read but below I have copied and pasted a factsheet from Rachel Endecott, our MSU Extension Beef Cattle Specialist based in Bozeman.

If you want to learn more about the VFD and what potential changes may come your way because of it, you are welcome to join Rachel, Megan VanEmon (our beef cattle specialist at Ft. Keogh) and myself for a meeting on this very topic on Tuesday, August 16 starting at 1:00 PM here at the Richland County Extension Office.

### Where do these changes come from?

- FDA Guidance for Industry #209
  - o The use of medically important antibiotics in food-producing animals should be limited to those uses that are considered necessary for assuring animal health.
  - o The Use of medically important antibiotics in food-producing animals should be limited to those uses that include veterinary oversight or consultation.
- FDA Guidance for Industry #213
  - o Asks drug companies to voluntarily revise product labels to remove growth promotion and feed efficiency claims.
  - o Provides for moving over-the-counter products to prescription or veterinary feed directive (VFD) status.

## Class of Antibiotic

- Aminoglycosides
- Lincosamides
- Macrolides
- Penicillins
- Streptogramins
- Sulfonamides
- Tetracyclines

### Feed-Grade Examples

**Feed-Grade Examples**  
Neomycin, Streptomycin  
Lincomix®  
Pulmotil®, Tylan®  
Penicillin, CSP  
Stafac®  
Sulfamethazine, Aureomix®  
Aureomycin®, CTC

### What are “medically important” antibiotics?

- This refers to drug classes important in human medicine. Some examples are:

## What is a Veterinary Feed Directive?

- A VFD consists of paperwork for the drug in question which is filled out by a veterinarian (a veterinary-client-patient relationship should be in place). It gives a description of the livestock to be treated, some instructions to the feed mill, and an expiration date.
- The feed mill must have the VFD before feed can be distributed and the feed mill must notify the FDA.

## What will change as a result of these FDA Guidances?

- Growth promotion uses in feed no longer allowed.
- Use of medically important feed antibiotics will need a VFD; can only be used for treatment, control, or prevention.
- Each state's regulations or veterinary board will define what is a valid veterinary-client-patient relationship
- Medically important water medications will move to prescription status.

## What won't change as a result of these FDA Guidances?

- Use of non medically important drugs (ionophores, coccidiosis treatments) remains unchanged
- Ability to use feed-grade antibiotics labeled for treatment, control, or prevention won't change, but will require a VFD.
- Injectable antibiotic uses remain the same.
- Extra-label use of feed-grade antibiotics remains illegal
- Veterinarians should still be involved in medication decisions.

I'm sure that this raises as many questions as it provides answers so I would encourage all of our livestock producers to attend. There is no cost and no pre-registration required but if you would like to call me or send an email to let me know you will be attending, it would be appreciated. You can contact me at either 433-1206 or by email at [timothyv.fine@montana.edu](mailto:timothyv.fine@montana.edu).

# The Sidney Tiger Sharks Place 2nd at State Meet in Hamilton

Submitted by Marie Holler

There were over 560 swimmers competing for State championship records and we brought a total of 46 to compete. Saturday was hot, but the majority of our swimmers cut time off their best and placed themselves up from where they were seeded. This allowed for a rowdy, yelling Sunday as we were working to dominate in the water. Tiger Sharks who made it to Sunday all were swimming their hardest and cut even more time against some very tough competitors. By the middle of the day, we were only sitting in second place by a few points. The backstrokers and flyers continued to work hard and helped secure us a second place victory. We truly consider second place like the championship when looking at the number of swimmers we bring to State compared to the number of swimmers that Bitterroot brings. They almost double our numbers. Our relay teams were hard working and the girls 8 and under freestyle relay team not only took State Championship but they also set a federation and pool record. Overall, we took 3rd in relays.

I'm very proud of our swimmers; they are truly fun to watch. Each week I asked them to beat their "greatest competition" which is them selves, and they did. Their dedication to swimming despite the weather is admirable. This sport teaches all of them about competition, setting goals, pulling it together after a setback, being a good sport, cheering for others and losing gracefully. The team this year has had its fair share of upsets with injuries that have pulled out some of our swimmers before the season was over and they were missed at Divisionals and State. The families that support these children are invaluable to the program; it is incredible to see so many smiling, encouraging faces for these athletes before and after a race. They are always there to build them up and cheer them on.

This year ends swimming careers for some fantastic swimmers. Aubrey Kessel will be moving on to college ending her swimming career as a State Champion 50 meter Butterflyer, and State Champion 100 meter Breastroker. Shelby Reidle will also be moving on to Concordia college ending her swimming career with the Tiger Sharks with some personal best times. Autumn Larson ended her swimming career after sustaining an injury that would not allow her to swim at Divisionals or State. The three girls will be greatly missed. Looking into next year, we are always looking to add to the program and are hoping to recruit. We especially need more boys at the 11-14 age group as we don't have enough to create relay teams and this year for Divisionals only had 3 competing in that age group. It is tough to wipe out competition when you don't have enough competitors to fill the races.

On behalf of the other coaches Michael Hammer, Kim Martinson, Emily Peters, Caycee Anvick, and I, we would like to say congratulations to the the 2016 Tiger Sharks and thank them for the memories.

# Northeastern Arts Network Presents the 2016-17 Big Sky Concert Series

The Northeastern Arts Network is pleased to present the 2016-17 Big Sky Concert Series to our community. This year's series features exciting live theatre and a kaleidoscope of musical entertainment as part of this art organization's ongoing commitment to provide quality entertainment to the community with a variety of shows that will appeal to every age and interest.

The first performance of the season kicks off with Montana Repertory Theatre's presentation of BRONTË TO THE FUTURE!

In this comedy by Laramie Dean, The Brontë sisters, Emily and Charlotte, having told their most well-known tales—Wuthering Heights and Jane Eyre, respectively—now want to leave the past behind and explore a future time in order to see what will happen to their characters in a more contemporary setting. Brontë to the Future! is a mashup that places the Brontës' beloved Jane and Rochester and Catherine and Heathcliff in the world of today—and possibly tomorrow—while retaining all the romance and Gothic splendor of the original stories. This captivating performance takes place on Tuesday, September 20th.

Join us on Thursday, October 6th with an incredibly energetic band of high level musicians! John Roberts Y Pan Blanco is an original sound ensemble that is designed to make the audience move. Many years of national and international touring, recording and performing experiences with West African, Funk, Soul, Salsa, Jazz and R&B ensembles have led to this project. John Roberts Y Pan Blanco are melding high energy, danceable Funk, African and Salsa grooves with blistering instrumental solos, all aimed at sharing musical diversity with the audience.

On November 10th, Fubuki Daiko reinvents traditional Japanese drumming with their eclectic and energetic performances that are part martial arts athleticism, part meditation, and all rhythm. For over nineteen years, they have performed at

festivals, concert halls, and schools across North America and have continued to fuel their pursuit of excellence and innovation in this ancient art form.

"Too Marvelous for Words: A Nat King Cole Tribute" joins the series on February 9th. This Trio is a fun and swingin' journey into the early days of Nat King Cole. Drawing on his experience as both an actor and a singer/pianist, Peter Smith (creator) effortlessly weaves in stories from this period in Nat King Cole's life as they relate to the song selections, creating an evening that is fun, informative and leaves the audiences tapping their feet and pondering the fascinating tidbits of Nat's life.

From Washington DC, pianist Thomas Pandolfi closes the series on Thursday, April 6th.

Thomas Pandolfi is a unique pianist who is especially at home in the music of Beethoven, Chopin and Gershwin. His highly popular "themed" programs, many of which include his amazing transcriptions of crossover literature, are positively spellbinding. His equally engaging personality, charisma and stage presence embrace the audience in the most wonderfully captivating way. One walks away from a Pandolfi concert with a song in one's heart, definitely wanting to hear more and more.

All concerts are held at

the MonDak Heritage Center at 7:00 p.m. except for the Fubuki Daiko performance which will be at the Sidney Middle School auditorium. Season tickets can be purchased at the door: adults \$45, senior \$40, and students \$35. Individual performance tickets can also be purchased at the door. For additional concert information contact Candy Markwald 406-488-4155, Jill Hill 406-489-4304, or Leann Pelvit at 433-3500.

The Big Sky Series is made possible in part by grant support from Montana's Cultural Trust, Montana Arts Council, National Endowment for the Arts, the Montana Performing Arts Consortium and the Western States Arts Federation (WESTAF).

# The \*Sing Our Rivers Red\* Exhibit Brings Awareness To Missing & Murdered Indigenous Women & Human Trafficking

**\*Sing Our Rivers Red\* is currently on display at the MonDak Heritage Center; all of the earrings that make up the artwork belonged to a victim, or were donated by victims’ families.**

**By Meagan Dotson**

The Sing Our Rivers Red exhibit is on display at the MonDak Heritage Center. Made up of earrings of murdered and missing indigenous women, it serves as a beautiful and heartbreaking reminder of the violence and exploitation that occurs each and every year against these women and girls. Each earring belonged to one of the victims or was made by their families.

Since 1980, more than 1,181 native women and girls have been reported missing or murdered in Canada. Many were taken along the Highway of Tears, a 450-mile long stretch of Highway 16 between Prince George and Prince Rupert in British Columbia which has heavy truck traffic. With Richland County being so close to the Canadian border and surrounding reservations, it is important to spread awareness about the realities of human trafficking in our area.

“The first time I saw it, I got goosebumps,” said Paula Eberling, victim/witness advocate with the 7th Judicial Victim Witness Program.

The 7th Judicial Victim Witness Program supports victims throughout the judicial process, and together with the Red Bird Women’s Center, which serves Fort Peck, Wolf Point, and Poplar, MT, the exhibit was brought to Sidney.

“Human trafficking is rising, so it makes sense for us to partner together,” Eberling commented.

Sing Our Rivers Red has been on display in Missoula and Fort Peck, MT, New Town, ND, Denver, CO, and Albuquerque, NM. Many of the victims’ families have included letters about their lost loved ones, which are also on display as part of the exhibit.

Indicators of human trafficking include individuals who are accompanied by someone who is controlling, speaks for them, and/or holds all their personal information, such as ID. Individuals may seem fearful, avoid eye contact, seem confused or unable to identify their location. They may have injuries they are reluctant to discuss or be inappropriately dressed for their work or situation. Their sleeping quarters may be unsuitable and/or shared and there may be unnecessary security in or around their home, such as barricaded windows, doors they cannot unlock, barbed wire, or security cameras. If you suspect someone is a victim of human trafficking, please contact local law enforcement.

“It puts it into prospective when you look at each of the earrings that represents an individual. They did exist,” Eberling said. “I feel honored that we are able to show this. The display identifies those that were lost. It represents loved ones.”

The MonDak Heritage Center is open Tuesday - Friday from 10 a.m. – 4 p.m., and 1 p.m. – 4 p.m. on Saturdays; it’s located at 120 3rd Ave SE in Sidney. Sing Our Rivers Red will be on display until mid-September.

# Radio Stars to Perform in Watford City

Area residents will be treated to two special performances of the Radio Stars trio when they perform in Watford City, Saturday, August 20th. At 3 p.m. that afternoon they will play for the residents and guests at the Good Shepherd Home. Later that evening at 6 p.m. the band will perform a concert at the Watford City Tourist Park.

The Radio Stars consist of Merrill Piepkorn, vocals, guitar and harmonica; Greg “Smokey” Temple, vocals, electric and steel guitars; and R.P. Sell, bass guitar and vocals. Their music, which has been described as country music “with a twist” features tight three part harmonies on traditional western music, and exciting instrumental solos on Temple’s steel guitar and Piepkorn’s harmonica. Piepkorn says, “It’s fun to hear the audience “ooh and ah” when those notes roll off Smokey’s steel guitar, and they often seem amazed at how much music I can get out of that little harmonica”.

The group is familiar to many local folks, having performed several shows in the area, including the Watford City Centennial. They have also appeared regularly at the Norsk Hostfest in Minot and on the national broadcast of “A Prairie Home Companion”.

There is no charge for the concert although free-will donations will be accepted and the Radio Stars will have their CDs for sale. Also, Johnson Corners Christian Academy will be selling Tacos in a Bag as a Fundraiser. Folks are encouraged to bring lawn chairs and/or blankets for seating. The Radio Stars appearances in Watford City are hosted by the Long X Arts Foundation ([www.longxarts.com](http://www.longxarts.com)) and sponsored by Teddy’s Lounge and Teddy’s Residential Suites.

# Middle School Math Teacher Receives ONEOK Grant to Purchase iPads

**By Meagan Dotson**  
Junior high math teacher Cara Lokken-Frandsen accepted a \$4,500 grant from ONEOK on Wednesday, Aug. 3. The grant will be used to purchase ten iPads along with math related apps that will be used to engage students in more interactive learning in the classroom.  
Up to four iPads at a time can be viewed on one smart board, and Frandsen plans to have her students work in pairs and teams, creating an opportunity for more engaged learning and problem solving.  
“These iPads will give kids a chance to challenge each other in the classroom and I am very excited to begin using them this school year,” she commented.

Frandsen applied for the grant after learning from Superintendent Dan Farr that ONEOK was looking for a way to support local schools. Use of the iPads will be extended to all of the math teachers at Sidney Junior High School, as well as being utilized during an after school tutorial math class. Frandsen expects that the interactive tools will cut down on the amount of math drills assigned as homework.  
“I want students to be excited about math class; this will be a fun new tool I can use to teach them the necessary material,” said Frandsen.  
The goal of ONEOK’s Public School Grants is to improve the educational experience for K-12 students in public schools and to cultivate and enhance relationships with community leaders while improving public education.
