## Public Invited To Checkers Open House August 23

In early 2004, Janette McCollum conducted research to see how on-site drug and alcohol testing had worked throughout the US. Research showed there was a definite need for the services that Checkers has developed today. McCollum and Wendy Haugen entered into a partnership in February 2004, which they operated out of the McCollum home. Because Haugen had another full time job, the majority of management and collections fell on McCollum. In June 2008, Haugen asked to be bought out of her 50% ownership of the business. At that time, Checkers was conducting testing for approximately 300 accounts in 16 locations. The business has grown to over 40 employees in 23 locations in Montana and North Dakota serving over 900 accounts. McCollum says she could never have done it without all the support from her family and from past and present employees. "I am so proud of all the staff and collectors. They are all truly professional!"

The oil industry is not the only one to benefit from Checkers' expertise. Checkers serves all six modes of transportation from the DOT including Coast Guard, railroads, airlines, transit buses, semi drivers and pipeline workers. "We are very thankful for all the accounts we have," McCollum said. "Our motto is 'You call, we go'. We take good care of our clients and appreciate their loyalty." The clients also appreciate Checkers. Wanda Miller, office manager at LandTech in Sidney, said, "We use them all the time because they're local. They are prompt, efficient and professional when they come. They do testing on all our new hires and conduct the random testing too. We have a lot of employees. They (Checkers' collectors) come to our place and they're here early, early in the morning. Our people can get their test done and get back to work."

After eight years of operating in McCollum's home, Checkers expanded to the former PATH building at 223 N Central Avenue in April 2012. The building has been completely renovated with a welcoming entryway, the clinic in the front and offices under construction in the rear. In early September, McCollum hopes to have the business completely out of her home.

Checkers offers a wide range of special services including urine drug screen collections, breath alcohol testing and hair testing. In

Checkers is located in the former PATH building at 223 N. Central Ave., Sidney.

addition, Checkers offers TSA Hazmat fingerprinting and DOT/employment physicals conducted by Don Hopwood, MD and Joan Turek, PA-C. The DOT/Federal Motor Carrier Safety Administration has instituted a new program effective August 20, 2012, which requires all medical professionals conducting physicals to be

certified by the National Registry of Certified Medical Examiners. Hopwood and Turek are currently registered under the new program. They are available for physicals Monday through Friday from 8 a.m. to 5 p.m. Drug and alcohol collection services are offered 24/7 on site or at any of Checkers 23 locations. Professional col-

lectors will come to your site any time, providing the quickest possible service, allowing your employees to get back on the job in 10-15 minutes, increasing productivity in your workplace. All collectors are well trained and receive annual continued education courses on federal and state regulations. Checkers and all collectors

are also fully insured.

The public is invited to tour the new Checkers facility and learn more about this fast paced business by attending an Open House on Thursday, August 23 from 2 to 4:30 p.m. This is a great opportunity to meet Hopwood, MD and Joan Turek, PA-C. Checkers is also hosting a Business Af-

ter Hours from 4:30 to 6p.m., in conjunction with the Sidney Chamber of Commerce. Chamber members and potential Chamber members are invited to enjoy some great food prepared by Judge Greg Mohr, sample beverages from Blue Rock Products and register to win prizes including the grand prize of a 42" Flat Screen TV.

## Popular Variety Show Coming Live to Watford City on September 15<sup>th</sup>

"Dakota Air: The Radio Show" to play out in the heart of the Bakken

Fargo production company Prairie Airwaves has announced that the variety program Dakota Air: The Radio Show will be performed for a live audience at the Watford City High School Media Center on Saturday, September 15<sup>th</sup>, at 7p.m. CT, and recorded for broadcast on the statewide Prairie Public Broadcasting radio network.

"We're looking forward to visiting this part of North Dakota again and showcasing the talent of some longtime locals amid the bustle of boomtown," said the show's executive producer Merrill Piepkorn. The September show will be Dakota Air's live debut in Watford City, and its first return to the state's northwest corner since its Williston performance in March of 2011.

"What a wonderful chance for our community to

enjoy this great radio show live," said Jan Dodge, Director of McKenzie County Tourism, noting that a portion of proceeds from the show will benefit The Pioneer Museum of McKenzie County. She added, "I appreciate and thank the sponsors for their support of the arts and of the Pioneer Museum of McKenzie County. This promises to be a great evening of entertainment!"

Dakota Air: The Radio Show is a traveling show performed to live audiences at locations throughout North Dakota in an old-fashioned radio variety format. Each show features music from "The Radio Stars," a band popular across North Dakota and Minnesota and original comedy by professional acting company "The Dakota Airheads" under the creative direction of humorist and historian Steve Stark.

The mission of Dakota Air is to entertain, educate and inspire audiences while

highlighting the talents, history, and culture of the region. At the September 15<sup>th</sup> show, crowd favorite "Mr. History" will unfold some illustrious facts about Watford City and the area. Local guest stars will include popular North Dakota singer/writer Jessie Veeder, country/folk duo "The Onlys", and long-time western North Dakota band "Lonesome Willy."

Tickets for the live performance are \$20 in advance (\$25 at the door if available) and can be purchased in Watford City at The Pioneer Museum of McKenzie County (100 2nd Street Southwest) and at the Long X Visitor Center (100 2nd Street Southwest); at Gate City Bank in Williston (422 Main Street); or by calling (701) 444-5804. Due to the intimate setting and limited seating of the Watford City High School Media Center, tickets are limited and will be sold on a first-come, first-serve basis.

The show will be broadcast on Prairie Public radio's statewide network later in the month and will also available worldwide for playback online at www.DakotaAirTheRadioShow.com after the radio broadcast.

Corporate sponsors for Dakota Air are Basin Electric Power Cooperative, BNSF Railway, Gate City Bank, North Dakota Farmers Union, and the Medora Musical.

## Foundation Golf Tourny Aug. 26

The Foundation for Community Care will hold its 19<sup>th</sup> Annual Benefit Golf Tournament on Sunday, August 26, 2012, at the Sidney Country Club.

To register for this event, please call the Foundation office at 406-488-2273. Registration forms are also available on our website at www.foundationforcommunitycare.org.

## Sidney Girl Scout Registration Sept. 4

Girl Scout fall registration is set for Tues., Sept. 4 at Westside School from 5:30-7 p.m.

# Details For Tractor Pull Released

The Ag Committee of the Sidney Area Chamber of Commerce and Agriculture has the 2012 Harvest Fest Tractor, Pickup, and ATV Pull ready for Saturday, August

25th, at the Richland County Fairgrounds arena.

All pullers need to be in the contestant area at 3:00 p.m. to weigh in and register. ATV and lawnmowers will be

divided up by engine size. Call the Sidney Chamber at (406)433-1916 to preregister or entries will be taken at the weigh in.

At 4:00 p.m. students in

5th grade and younger are invited to participate in the peddle pull preliminaries. This will take place on the Southeast end of the main grandstands. All contestants will receive a free ticket to the main event and prizes will be

awarded during the finals.

Doors to the arena will open at 5:00 p.m. and the contest begins at 6:00 p.m. MDT. Admission is \$10.00 for adults, \$5.00 for students, and kindergarten and under are admitted free. Conces-

sions and the beer garden will be ready when the doors open.

The Sidney Chamber invites everyone to an entertaining evening at the Richland County Fairgrounds on August 25th.

# Border Steel & Recycling Partners with Culbertson FFA Alumni for GOT SCRAP? Program

The Culbertson FFA Alumni has partnered with Border Steel & Recycling for a fundraising effort. In tough economic times, people want to give to organizations but sometimes it is not feasible in their pocketbook. Now, farmers, ranchers, agricultural businesses, oilfield companies, welding shops or any other business or individual can donate scrap metal, aluminum cans and other recycleables to the Culbertson FFA Alumni. It is an easy way for people to donate all or a portion of their scrap to the program and at the same time, clean out fence lines, a pile of scrap or aluminum cans. Help is available to load and deliver the scrap. The funds generated from this program will give the Culbertson FFA and agricultural education students more opportunities to pursue careers in agriculture, which is still Montana's #1 industry. Border Steel is a highly reputable and customer service driven business that greatly supports many organizations and individuals in our communities. The alumni is greatly appreciative of Bret, Brady and their entire staff for partnering with them on this program. For more information, contact Patrick Hackley at 406-478-1004 <tel:406-478-1004>, any Border Steel & Recycling location in Sidney,

Plentywood or Glendive or online at <http://www.bordersteelandrecycling.com/> to find out what materials can be recycled and donated to this

program. Also, you can "like" Culbertson FFA Alumni and Border Steel on Facebook!

# DID YOU KNOW?

## How To Drink Responsibly

When you lose count you lose control

Number of Drinks	Sex	Body Weight in Pounds										Driving Condition	
		100	120	140	160	180	200	220	240	260	280		
0	M	.00	.00	.00	.00	.00	.00	.00	.00	.00	.00	.00	Only Safe Driving Limit
1	M	.02	.02	.02	.02	.02	.02	.02	.02	.02	.02	.02	Driving Skills Impaired
2	M	.04	.04	.04	.04	.04	.04	.04	.04	.04	.04	.04	
3	M	.06	.06	.06	.06	.06	.06	.06	.06	.06	.06	.06	Significantly Impaired
4	M	.08	.08	.08	.08	.08	.08	.08	.08	.08	.08	.08	
5	M	.10	.10	.10	.10	.10	.10	.10	.10	.10	.10	.10	

**Source for chart – California Highway Patrol**  
Women who lose count and control increase their chances of a STD and unwanted pregnancies. They are also at a higher risk of sexual assault.

As little as two beers can cause loss of judgment and causes trouble when doing two tasks at once. Three beers can reduce coordination and ability to track moving objects and cause difficulty in steering. Four beers can reduce the ability to control speed and difficulty processing information and reasoning. Seven beers cause serious difficulty controlling the car and focusing on driving when consumed by an average size man.

Go to: <http://rethinkingdrinking.niaaa.nih.gov> for more information and calculators on alcohol.

The Richland/McCone County DUI Task Force members represent a diverse cross-section of our community, including concerned citizens, government officials, law enforcement, health professional, prevention and treatment specialist, business professionals and others. The DUI Task Force is dedicated to promoting a healthier and safer environment for the residents of Richland & McCone Counties by reducing injuries and fatalities related to overconsumption of alcohol and impaired driving. Please contact Mary Friesz, DUI Task Force Coordinator at the Richland County Health Department to make a difference and for resources or information.

### Doris Erickson, 82, Sidney, MT

Funeral service for Doris Erickson was 10 a.m. on Monday, August 20, 2012 at Trinity Lutheran Church with Pastor David Warner officiating. Interment was in the Sidney Cemetery under the direction of Fulkerson Funeral Home of Sidney. Remembrances and condolences may be shared with the family at [www.fulkersons.com](http://www.fulkersons.com).

Doris died on Thursday, August 16, 2012 at Sidney Health Center Extended Care Facility.

### SHS Boys Cross Country and Girls Golf & Cross Country Seasons Begin

The Sidney School District Board of Trustees and the Montana High School Association have allowed Sidney High School to participate in Boys Cross-Country beginning immediately for the 2012-2013 Fall sports season. Practice began on Tuesday, August 14<sup>th</sup>...anyone interested in participating needs to contact the Sidney High School Activities office (406-433-4050) to get more information.

Any females interested in participating in Golf or Cross-Country at Sidney High School during the 2012-2013 season can still take the opportunity to join the teams and compete. Please contact the Sidney High School Activities office (406-433-4050) for more information.

### Kids First! Carnival Looking For Interested Vendors

The Sidney Education Foundation, Inc., The Richland County Family Resource Center, and the Boys & Girls Club of Richland County have teamed together again this year to sponsor the third annual Kids First! Carnival this fall. All three groups focus on children, families, and education, forming a perfect partnership to bring a new and exciting activity for families in the Sidney area to enjoy.

The carnival will be held Saturday, September 15, 2012 from 10:00 a.m. to 3:00 p.m. at the Richland County Fair Event Center. The groups are currently looking for community organizations to rent a booth at the carnival and host a children's game, or to provide a food booth. Booth rental will be \$20, and ticket sales will be reimbursed back to the organizations. This is a great opportunity to do a fundraiser, as well as taking part in a fun, safe and exciting community event for families!

For more information on booth rental or sponsorship of the event, contact Elaine Stedman at 480-5719 or [elaine59270@yahoo.com](mailto:elaine59270@yahoo.com). We are looking forward to working with you in this wonderful event for our community!

# A Little Bit Country Beef Herd Expansion On Hold

Warren Froelich

NDSU Extension Agent, Williams County

With record high calf prices in 2011, a growing export market and a strong domestic consumption of beef products, most reports indicated there would be an expansion of the U.S. cow herd. Even though moisture conditions in the southern states have improved, it has not been enough to encourage retention of heifers or purchase of breeding age cows.

We are all familiar with the drought conditions throughout the Midwest. Last year the northern plains was a good source of hay shipped to the south. However, this year is a different story. Although hay yields of this area are maybe a quarter to a third of last year, yields in parts of southern North Dakota are less. Hay prices are digging deep into the profits of cattlemen of Wyoming, South Dakota, Iowa and South.

## Law Enforcement to Increase Patrols Throughout Holiday Week

The Montana Department of Transportation encourages all Montanans to not only think about the safety of themselves but also about the safety of others while traveling on Montana roads.

During the upcoming National Labor Day Campaign from August 20 – September 3, Montana law enforcement agencies will increase patrols to help keep roads, drivers, families and tourists safe by reminding motorists that driving impaired and not buckling up increases the risks of traveling.

"Alcohol-related crashes account for 44 percent of all Montana's traffic fatalities over the last five years," said Montana Department of Transportation Director Tim Reardon. "We need to reverse this trend immediately and make sure that the Labor Day holiday does not turn disastrous for someone's loved ones."

As Labor Day weekend approaches, preliminary reports indicate an increase in alcohol-related fatalities compared to this time in 2011. As of August 13, there have been 36 alcohol-related fatalities on Montana roads — that is 13 more fatalities than this time last year.

The Montana Department of Transportation is committed to keeping Montana roadways safe this Labor Day holiday by combining high-visibility law enforcement with increased public awareness and reminding people to PLAN for a safe ride home.

For planning tools and tips for a safe, sober ride home go to [plan2live.mt.gov](http://plan2live.mt.gov), which include:

- Designate a driver or volunteer to be the designated driver. Text or Facebook message with friends and family before the celebration about who is going to be the designated driver.
- Arrange for a pick up. Have a friend or family member who isn't drinking lined up to pick you up at the end of the party or night.
- Call a cab or ride home service. The plan2live website lists available services throughout the state.
- Crash on the couch if no ride is available — better than crashing on the road.
- Know your limit. Before you start drinking, download a blood alcohol calculator — available for most smartphones, including iPhone, Android and Blackberry. These are not exact, but provide people an idea how few drinks it takes to be impaired.

Driving impaired and not wearing your seatbelt is not worth it — you could lose everything. Make the right choice and arrive alive.

These conditions are forcing some producers to sell cows in order to have enough pasture for others and minimize winter feed costs.

Cow slaughter has been ample the past three months. This could possibly mean fewer cows available during the normal fall and early winter months when cows are normally culled.

The current 50 year drought of the Midwest has resulted in a big "hit" on calf prices which have dropped more than \$35/cwt. since early June. Some market experts believe a further significant price drop of feeder calves will not happen. An improvement in moisture conditions in the south will enhance fall and winter grazing which could push calf prices above current levels.

Even with favorable moisture conditions, it will take two to three years to recover from this major disaster. During a recovery, demand for all classes of cattle will be high.

### Tree of the Week

Ornamental Crabapples are a group of small flowering trees used for landscape plantings. They are valued for their foliage, flowers, fruits, and variations in form and size.

In most environments flowering crabs will reach 15-25 feet in height and they will have a similar crown spread. They tend to prefer soils that are a bit on the acid side of the pH scale, however, most seem to accept the alkaline levels typical of this area.

Like most other trees, they prefer well drained, moist soils but they do have some tolerance to drought situations, depending on parentage of the hybrid.

Many people think of crabapple as being messy because of the dropping small sized fruit. However, there are several cultivated hybrids with fruit less than a quarter inch in diameter which make good food for birds.

I think most people value flowering crabapple for its flower color which can be white to pink to red, depending on the variety. Varieties such as Adams, Centzan, Centurion, Indian Majic, Indian Summer, Selkirk and Red Splendor produce rosy-pink flowers and small, cherry-red retentive, non-messy fruit. Beverly, Glen Mills, Hunter Gem and Donald Wyman produce white flowers, small purplish-red fruit and purple foliage. Spring Snow produces white flowers and no fruit. Canary produces white flowers and pea-sized, non-retentive yellow fruit. Cardinal, Purple Price, and Thunderchild produce rosy-lavender flowers, small purplish-red fruit and purple foliage.

Besides the messy large fruit of some varieties, the downside of flowering crab is susceptibility to fireblight. However, in some varieties there is some resistance due to an antibacterial substance found in the leaves.

# Letter to the Editor

## Residents of Sidney & Richland County:

I am excited to announce that we will be having a basketball season this fall and will participate in the State Games in Great Falls in November. We will be having a general basketball orientation for anyone that is interested in Basketball on September 4<sup>th</sup> at 5:30pm at ROI. We are also planning a car wash for Saturday August 25<sup>th</sup> from 10am-2pm at the Foundation for Community Care parking lot, next to IGA. We will need people to help pull this off. Please come support our program.

However, with this great news I must discuss some very pressing issues currently happening in Sidney

Special Olympics.

I would like to let everyone know that Sidney Special Olympics IS NOT part of Richland Opportunities, Inc. ROI has supported us by allowing staff to volunteer and with limited financial support. ROI will continue to support Sidney Special Olympics in these ways for as long as conditions allow. Special Olympics is a volunteer organization that focuses on teaching life skills through training for sports. Special Olympics is a volunteer organization with athletes volunteering to participate in the sport and fundraising and coaches volunteering to assist the athletes.

Sidney Special Olym-

pics is in dire need of volunteers to coach, and help in the administrative functions. Currently there are 5 core individuals who have given time and effort, and to continue the program need your assistance. Recruitment is key to the Sidney Special Olympics program. I am very well aware of how much everyone has going on in their lives. Special Olympics is reliant on volunteers from all walks of life and volunteers from the community are needed to sustain this valuable program.

Sidney Special Olympics is in financial stress. We do a yearly fundraiser with the selling of raffle tickets for a new Chevy Truck; this is easy money for us. However this year was the lowest number of tickets sold that I have ever seen. Without volunteers to do fundraising and the lack of involvement by other volunteers, the program will not be able to continue. As of today we have enough money to participate in Basketball this year, but no other activities.

I am pleading for help, Sidney Special Olympics needs people! If we do not get more volunteers, the Sidney Special Olympics program will cease to exist. We need people to help find more people. We need people to help raise money. We need people to help coach and travel with the athletes. We just need people. If you are interested in volunteering or donating please contact Lacy Hutchens at 406-488-3341 ext. 3 or email Lacy at sidneysomt@hotmail.com

Respectfully,  
Lacy Hutchens- Local Program Coordinator

## Farm Credit Services Provides FFA Student Handbooks & Support to FFA Organizations

This year acknowledges the 36th year that the three independent Farm Credit Services associations in North Dakota have donated FFA Handbooks to agricultural students in area schools.

This year, approximately eighty high school agriculture education programs in North Dakota and northwest Minnesota will receive over 2,600 of the student handbooks for the start of the 2012/2013 school year donated by the Farm Credit Services Associations in North Dakota.

Over the past three and a half decades more than 63,000 of the books have been presented to FFA-first year 'greenhands' to be used throughout the four-year FFA program.

To ensure the continued success of our youth, in 2011 Farm Credit Services of North Dakota contributed close to \$10,000 in order to support the FFA organizations in the 17 counties it serves in northwest North Dakota. Farm Credit Services is proud to support today's youth who will become tomorrow's agricultural producers and leaders.

Farm Credit Services is committed to helping the FFA provide excellence in the teaching and learning of agriculture and its activities in science, technology, production, processing, and related agribusiness activities as well as understand the vital and necessary role of the agricultural industry.

## Comment Sought on Fishing Regulation Changes

The Montana Fish, Wildlife & Parks Commission is seeking comment on proposed changes to 2013 fishing regulations.

The proposed changes to current regulations are listed below.

### Central District

Changes in the Centennial Valley include:

Elk Lake allow catch-and-release angling only for Arctic grayling.

Red Rock Creek and Widgeon Pond expand cutthroat trout harvest opportunities.

Upper Red Rock Creek allow catch-and-release angling only for Arctic grayling and expand cutthroat trout harvest opportunities

Yellowstone River eliminates the exception that allows two lines with two hooks per line all year from the mouth of the Clarks Fork River to the I-90 Bridge at Billings.

### Eastern District

Fort Peck Reservation Tribal Boundary Water changes the catfish harvest in the regulations so it is consistent with Tribal and Montana fishing regulations.

The proposed changes are available for review and comment on the FWP website at fwp.mt.gov. Click "Fishing" and then look under "Opportunities for Public Comment".

Comments may also be mailed to Fisheries Bureau, Montana Fish, Wildlife & Parks, P.O. Box 200701; Helena, MT 59601. Comments may also be emailed to fwpfsh@mt.gov.

Comments must be received by Sept. 5. The FWP Commission is scheduled to take final action on the fishing regulations in October.

## PLOTS Guide Available Online

The North Dakota Game and Fish Department's Private Land Open To Sportsmen Guide for 2012 is now available online at the Department's website, gf.nd.gov. In addition, PLOTS Guides will be available at most license vendors throughout the state in late August.

The guide will feature about 840,000 PLOTS acres. Because the guide is printed in mid-August, some PLOTS tracts highlighted in the guide may have been removed from the program since the time of printing. There will also be some PLOTS tracts where the habitat and condition of the tract will have changed significantly. Conversely, Game and Fish may have added new tracts to the program after the guide went to press.

To minimize possible confusion, Game and Fish will update PLOTS map sheets weekly on its website.

Hunters can also view the guide, and find a list of vendors where guides are available, on the website.

The PLOTS Guide features maps highlighting these walk-in areas, identified in the field by inverted triangular yellow signs, as well as other public lands.

The guides are free, and available at county auditor offices and license vendors in the state; by walk-in at the Game and Fish Department's Bismarck office; and at district offices in Riverdale, Harvey (Lonetree), Williston, Dickinson, Jamestown and Devils Lake.

The guides are not available to mail, so hunters will have to pick one up at a local vendor, or print individual maps from the website.

**BEFORE THE DEPARTMENT OF REVENUE OF THE STATE OF MONTANA LIQUOR LICENSING**

**NOTICE OF APPLICATION FOR TRANSFER OF OWNERSHIP AND LOCATION FOR MONTANA ALL-ALCOHOLIC BEVERAGES "FLOATER" LICENSE NO. 27-221-6606-001**

On May 30, 2012, Mighty Mouse, Inc. - Sole Shareholder: Jack D. Vaira, filed an application for the transfer of a license to be used at GOLD RUSH CASINO & LIQUOR STORE, 504 South Ellery Avenue, Fairview, Richland County, Montana. This license was previously held at Jackrabbit Red's Casino, 12200 West Browns Gulch Road, Butte, Silver Bow County, Montana.

Protests against an application must be (1) made in writing, (2) mailed to the Department of Revenue, Liquor Licensing, PO Box 1712, Helena, Montana 59624-1712, and (3) received and date stamped by the Department no later than the 17th day of September, 2012. Protests will be accepted from residents of the county from which the application originates, residents of adjoining Montana counties, or residents of adjoining counties in another state if the criteria in subsection (4)(d) are met.

Each protestor is required to mail a separate letter of protest that contains in legible print, the protestor's full name, mailing address, and street address. Each letter must be signed by the protestor. Protest petitions bearing the names and signatures of more than one protestor will not be considered. Protest letters must provide the license number, trade name, or applicant name associated with the license being protested for identification purposes. Protest letters must contain a clear statement of the writer's intent to protest the application. The grounds for protest of an application for a transfer of location are limited to those set out in section 16-4-405, MCA, for a denial of a license, and public convenience and necessity as set out in section 16-4-203, MCA. If the protested application is for a transfer of ownership not involving a transfer of location, the grounds for protest are limited to those set out in section 16-4-405, MCA. Protest letters which do not provide the information described in this paragraph will not be considered valid protest letters. Only those grounds for protest raised in valid protest letters will be considered at hearing. An individual's testimony will be limited to the grounds for protest raised in that individual's valid protest letter.

If the department receives a sufficient number of protests to require a hearing pursuant to section 16-4-207(4)(a), MCA, a hearing will be scheduled in Helena, Montana. If the department receives a sufficient number of protests to require a hearing pursuant to section 16-4-207(4)(b), MCA, to determine public convenience and necessity, a hearing will be held in the county in which the proposed premises is located. All qualified protestors will be notified of the time, date and location of the hearing. Hearings are typically scheduled within 90 days following the protest deadline.

If a sufficient number of protests to require a hearing are not received and all licensing criteria have been satisfied, the department may issue the license without holding a hearing.

DATED: July 24, 2012

BY: Jessica Burbank Compliance Specialist

**BEFORE THE DEPARTMENT OF REVENUE OF THE STATE OF MONTANA LIQUOR LICENSING**

**NOTICE OF APPLICATION FOR ISSUANCE OF ONE ORIGINAL (NEW) MONTANA ALL-ALCOHOLIC BEVERAGES LICENSE**

On July 23, 2012, Colby John, Inc. - Sole Shareholder: Colby Hernandez, filed an application for the issuance of a license to be used at COLBY'S CASINO AND CARD ROOM, 4 US Highway 2, Bainville, Roosevelt County, Montana.

Protests against an application must be (1) made in writing, (2) mailed to the Department of Revenue, Liquor Licensing, PO Box 1712, Helena, Montana 59624-1712, and (3) received and date stamped by the Department no later than the 17th day of September, 2012. Protests will be accepted from residents of the county from which the application originates, residents of adjoining counties, or residents of adjoining counties in another state if the criteria in subsection 16-4-207 (4)(d), MCA, are met.

Each protestor is required to mail a separate letter that contains in legible print, the protestor's full name, mailing address, and street address. Each letter must be signed by the protestor. Protest petitions bearing the names and signatures of more than one protestor will not be considered. Protest letters must provide the license number, trade name, or applicant name associated with the license being protested for identification purposes. Protest letters must contain a clear statement of the writer's intent to protest the application. The grounds for protest of an application for a new license are limited to those set out in section 16-4-405, MCA for denial of a license, and public convenience and necessity as set forth in section 16-4-203, MCA. Protest letters which do not provide the information described in this paragraph will not be considered valid protest letters. Only those grounds for protest raised in valid protest letters will be considered at hearing. An individual's testimony at hearing will be limited to the grounds for protest raised in that individual's valid protest letter.

If the department receives a sufficient number of protests to require a hearing pursuant to section 16-4-207(4)(a), MCA, a hearing will be scheduled in Helena, Montana. If the department receives a sufficient number of protests to require a hearing pursuant to section 16-4-207(4)(b), MCA, to determine public convenience and necessity, a hearing will be held in the county in which the proposed premises is located. All qualified protestors will be notified of the time, date, and location of the hearing. Hearings are typically scheduled within 90 days following the protest deadline.

If a sufficient number of protests to require a hearing are not received and all licensing criteria have been satisfied, the department may issue the license without holding a hearing.

DATED: August 7, 2012

# Schwan's & March of Dimes Team Up for Fundraiser

The March of Dimes is partnering with Schwan's Fundraising for a fantastic event and opportunity for you to help!

They are excited to announce a Schwan's Truck Load Fundraiser to fund the fight against premature births and birth defects and YOU can help!

March of Dimes Montana Chapter & Schwan's Fundraiser sale takes place on August 25, 2012, in Sidney, Montana.

You can purchase your favorite Schwan's items online at [www.schwansfundraising.com](http://www.schwansfundraising.com).

What are the perks? Over 350 quality products to choose from—something to fit every eating occasion, flavor profile and nutritional need.

Schwan's donates 20% of total sales from the event to the March of Dimes Montana chapter.

Schwan's Gift Cards also qualify for the fundraiser! They can be ordered by visiting [www.schwansfundraising.com/orderform.aspx](http://www.schwansfundraising.com/orderform.aspx) or by calling 1-888-SCHWANS.

Simply place your order, and show up to pick it up on August 25<sup>th</sup> at Finnicum's Furniture Lot-1051 S. Central Ave. It's that easy to help babies be born healthy and on time,

every time.

For every online order (for products and gift cards) by August 22<sup>nd</sup>, your name goes into a drawing for a gift basket!

Be sure to use Campaign ID [40103](#) to confirm the March of Dimes gets credit for your order and you get entered for the gift basket drawing!

Thank you for helping to ensure stronger, healthier babies with the March of Dimes!

# Yellowjackets Becoming A Nuisance

Hornets are starting to annoy homeowners by swarming or building nests in homes or in trees near houses, according to Janet Knodel, North Dakota State University Extension Service entomologist.

Hornets (or yellowjackets) are wasps that belong to the Vespidae family.

"All yellowjackets sting, and their stinging behavior is considered a defensive reaction when the colony is threatened," Knodel says. "They can sting more than once because their stinger stays with the insect."

Yellowjackets are more aggressive during August and September and more likely to sting people. Although yellowjackets are a beneficial insect feeding on other insects, they often become a pest problem when their nests are near homes, schools, picnic areas or playgrounds. When that happens, pest control often is warranted.

Wasps are social insects and build nests of paperlike material. Nests generally are underground in mammal burrows, cavities or behind the siding of a house.

Vespid wasps are active outside the nest during the daylight hours. Nearly the entire colony is in the nest during the evening and nighttime hours, so control measures should be applied to the nest at that time. There are many insecticides labeled for control of hornets and yellowjackets.

"The difficulty is making the treatment without being stung," Knodel says. "Usually an aerosol spray of one of the many fast-acting wasp killers will quickly kill all the workers present in a nest."

Products that contain permethrin, synergized pyrethrins or pyrethroid insecticides such as esfenvalerate or lambda cyhalothrin will get rid of wasps.

A slower-acting insecticidal approach is to apply carbaryl (Sevin) dust directly onto the exposed nest and entrance hole. After treatment, check the nest for any activity the following day and do another treatment if necessary.

Nests should be removed to avoid attracting dermestid beetles later and keep wasp pupae from possibly re-establishing the nest.

"If you are dealing with yellowjacket nests in structures such as a home, the nest entrance should never be plugged from the outside," Knodel says. "If constrained, yellowjacket workers cannot escape to the outside, so they may locate or chew a new way to escape toward the inside of the home or structure. This would create a possible stinging threat for people inside."

When outside enjoying a picnic, avoid wearing bright colors and perfumes that are attractive to hornets and yellowjackets. Also, keep garbage away from the picnic table.

In northern temperate climates, only the mated queen

wasp overwinters from the previous year's colony. Queens are inactive during the winter and hide in protected places such as under tree bark or attics.

In early spring, the overwintering queen builds a new nest and lays an egg in each cell. Larvae hatch from the eggs and are dependent on the queen for food. The queen forages outside the nest and brings food (caterpillars and other insects) back to the larvae until pupation.

Sterile female workers emerge from the pupae and take over nest building and brood rearing, while the queen stays in the nest. During late summer into early fall, adult males and newly produced queens leave the parent colony. The colony dies off and only newly mated queens will find a protected place to overwinter.

## Foundation Grant Aids Purchase of EMS Cot

Richland County Ambulance Service Director Josh King, along with Foundation for Community Care Director Staci Miller and Stryker EMS Equipment Account Manager Ben Roper show the new Power-PRO Loading Cot System: Battery-powered hydraulic lift system supports the cot and patient during loading and unloading ensuring patient and EMS safety. This was partially funded by a 2012 Foundation for Community Care Grant.

Bus Full of Children  
**priceless!**

Remember, school begins Aug. 22. There is a lot of increased traffic on our streets and roadways. The area public schools urges everyone to take extra care as our children board buses and cross the streets. Their safe arrival at school depends on everyone being extra careful. Be sure to stop for all school buses and always yield to a pedestrian crossing the road. The younger children are just learning...Give them a brake! Thanks.
